We hosted a variety of capacity building grant workshops with over

180

local community attendees

Throughout 2024-25 we awarded:

$834,605

in grant funding (68% of requested funding)

We funded **354** grants...

...out of a **record** **467** applications.

A success rate of **75%**

and an increase of **30%** from 2023–24.

While nearly half of all funded grant applications came from individuals (fig.1), 32% of funding went to community groups (fig.2)

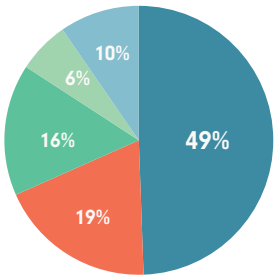

Fig.1 Recipients by **Application Count**

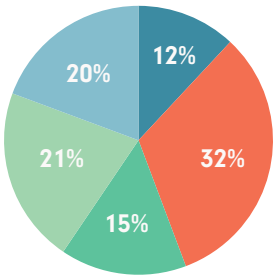

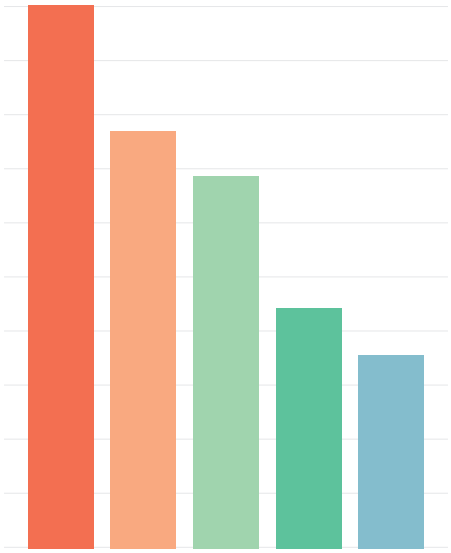

Fig.2 Recipients by **Dollar Amount Funded**

The top beneficiary groups of our PAE Community Grants were children and young people (34%), adults (26%), Culturally and Linguistically Diverse (CALD) people (15%), and economically disadvantaged people (12%).

> Thanks for supporting this local initiative. The PAE team were great to talk to prior to submitting the application, and offered good and helpful advice. The grant itself will make a real difference to the Club and enabling pathways for participation for many new members to come!
