# Mayor Claire Boan

*The City of PAE acknowledges and pays respect to the traditional custodians of the land on which we stand, the Kaurna people of the Adelaide Plains and pays respect to Elders past, present and emerging. We recognise and respect their cultural heritage, beliefs and relationships with the land. We acknowledge that they are of continuing importance to the Kaurna people living today*

**W**elcome to warmer days ahead, and the Spring issue of PAE Today. In this edition you will find the latest news and stories from our community and information about our events, services, programs and projects. You can also access PAE Today online at [paetoday.com.au](http://paetoday.com.au)

For the first quarter of the financial year, we are on track with our progress on some major strategic projects and programs to improve our environment, our heritage and our places, and to bring us together and celebrate what we all enjoy about living, working and playing in PAE. I want to honour our longstanding Councillor, Peter Jamieson, who sadly passed away in June this year. As well as his passion and dedication to PAE Council and Local Government, Peter was well known for his active and loyal 48-year membership of the North Haven Surf Life Saving Club. He will be missed by our community. As Mayor of PAE, one of my duties is to formally welcome our nation's newest citizens into Australia and our local community by hosting

Australian citizenship ceremonies. This year we have welcomed more than 870 people into our community who are now proud Australian citizens. They have come from over 75 countries including Vietnam, India, United Kingdom, Afghanistan, China and more. Each occasion is such a heart-warming experience to meet people who have usually been in the community for some time and are so pleased to be finally receiving their Australian citizenship. As each person makes their pledge, it is also a time to reflect on some meaningful things that we may usually take for granted as Australian citizens:

- Understanding the meaning and importance of Australian citizenship
- Knowing the responsibilities, liberties and privileges we have as citizens
- Being proud of our citizenship as Australians
- Celebrating our democratic beliefs and values
- Thinking about what unites us as Australians

By welcoming new people to join us as Australian citizens, it also demonstrates the acceptance and celebration of the diversity and cultural differences that make us who we are as our PAE community.

September 17 this year marks the 20th Anniversary of Australian Citizenship Day, and we are holding three ceremonies at the Klemzig Community Hall on this day.

We also have a variety of other events and activities planned, so it's on in PAE as the weather gets warmer.

I hope to see you at a coming event, such as our Nature Festival at Stockade Park, the Australia-India Dance Festival at the Parks Theatre, the Christmas Craft Fair at Kilburn Community Centre and much more, all listed on pages 14 and 15.

So please come and say hello when you see me out and about.

### TK Shutter Reserve Update

With plenty of open green space, walking tracks and areas for members of our community to sit and relax or run and play, TK Shutter Reserve in Klemzig is a family favourite. Home to the MetroStars Soccer Club, it is comprised of one artificial and three grass pitches. In 2020 we audited all our community sporting facilities to identify opportunities for increased community participation in sport. As a result, we identified that the change rooms at TK Shutter Reserve need to be improved to bring them up to current standards and to help support the growing needs of the MetroStars.

We are now working with the Club on a detailed plan to upgrade the change rooms to provide four large unisex change rooms built to current accessibility standards, plus medical facilities, separate referee rooms and improved storage. Works are planned to commence during the 2022–2023 financial year. In addition, we plan to upgrade the irrigation of three turf pitches during September to create better playing surfaces for the Club and community in all weather.

Ward in focus

# Outer Harbor

Total population

12,456

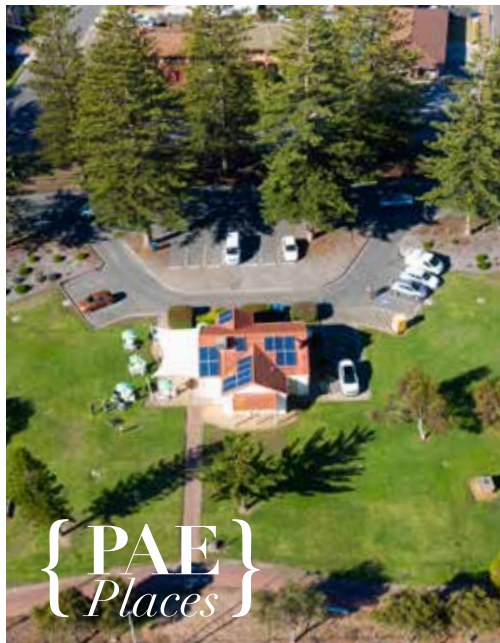

Total households

5,843

Overseas born

23.5%

The coastal Outer Harbor ward includes the suburbs of Outer Harbor, North Haven, Osborne, Taperoo and Largs North. The population in this area is gradually increasing, and the suburb of North Haven is also home to the most dogs of any suburb within PAE.

**Catherine Hutton Reserve** | The small parkland north of the intersection of Lady Gowrie and Southern Myth Drives, North Haven is known as Catherine Hutton Reserve. The woman after whom the reserve is named was fondly known as 'the Goat Lady' because she kept a large herd of free-ranging goats there. Catherine cared for her goats and supplied the milk to many hospitals in the area.

Cr Vanessa Tulloch

My local ward is a lovely mix of natural surrounds, beaches, river and open spaces filled with native flora and fauna. It is well loved and cared for by wonderful community volunteers, supported by dedicated City of PAE staff and enjoyed by many visitors. We embrace our proud Kaurna history and we continue to learn the importance of our area through our strong connections with our Aboriginal community. My favourite part of the Outer Harbor ward is the people. Whether you are visiting a sporting club, walking your dog, or just popping into your local café, people are friendly and quick to give a smile or say hello.

One of our well-loved and respected locals, Cr Peter Jamieson, has left big shoes to fill after he sadly passed away in June. We will always remember his sense of humour, warmth and generous sharing of his time and knowledge. Our community is richer for his valuable input and dedication over so many years. Peter loved the Outer Harbor ward and I'm sure he will continue to watch over us always.

Cr Peter Jamieson

Councillor Peter Jamieson sadly passed away on Wednesday 16 June 2021. He was a longstanding member of Council, having been elected in 2003. Peter represented the Outer Harbor Ward for 18 years. He also held the position of Deputy Mayor for several years and served on Council's Audit Committee. While dedicated to his work as an Elected Member, he continued his career in education and remained active among community groups. He spent many years representing Council and the interests of the PAE community on the LGA State Executive Board, the Murray Darling Association, the State Level Crossing Committee and the Consumer Advisory Committee.

Peter was widely regarded for his advocacy work for environmental and coastal matters. He was a longstanding and active member of the North Haven Surf Life Saving Club and served Surf Life Saving for 48 years. Peter was a proud local who was known for his strong commitment to, and passion for, his community. He will be missed as a valuable member of Council.

# PETS ACROSS PAE

## FUN IN THE SUN

### Rules for pups on beaches

With over 20km of coastline in the Cities of PAE and Charles Sturt, our joint beach patrol officers provide a collaborative approach to animal management and safety. They are qualified animal behaviour experts who offer education and support to dog owners. Where necessary, they also enforce council by-laws.

Remember, your dog must be wearing its ID tag when out in public. In general, you must keep your dog on a leash between 10am and 8pm. When you are on a public footpath or within 5m of a playground, you must keep your dog on a leash at all times.

As part of our Doggy Festival in May, we created a series of videos to help you make the most out of our public spaces with your dog. Whether you want help choosing the right dog for you, guidance to train your dog, or just want to see cute puppies, watch the videos by visiting our website and searching:

Doggy Festival

## ANIMALS RULE

### Have your say about upgrading our by-laws

Some by-laws are in place to protect the convenience, comfort and safety of our community. Others prevent damage to local government land and property and animal control. Many by-laws cannot be changed. In addition, some matters are the responsibility of State Government. However, although we cannot create new by-laws, we can change some existing by-laws based on feedback from the community.

Legislatively, we are required to review and consult with our community on our draft by-laws every seven years. Our community has told us that several by-laws don't align with their expectations. We want you to have your say on what is important to you.

- Do these by-laws assist in creating an open space that everyone has access to?
- Do they support animal control?
- Do they support health and wellbeing, play, leisure and social inclusion?
- What are the barriers and how can we reduce red tape?

To have your say on our by-law review, visit:

## CAT REGISTRATION

Meet Jovi, a kitty in PAE who recently won a \$70 cat pamper pack thanks to his owner Amanda, who registered him on Dogs and Cats Online.

Amanda said that she registered Jovi because it is easy to do and, more importantly, although he lives indoors she knows that registering him means that he can easily be returned to her should he ever

run off. (She also told us that he'd rather play with his collar than wear it!)

Visit [dogandcatboard.com.au/catprize](https://dogandcatboard.com.au/catprize)

to register your cat now and go into the draw to win a \$70 cat pamper pack.

It's quick and easy to do. Just enter the microchip number that your breeder, shelter, vet, or previous owner gave you — and make it easy for your lost cat to be returned home.

## DOG ATTACKS

Our Community Safety Officers work hard to ensure that people feel comfortable and safe when out walking on our streets, in our parks or on our beaches.

### What to do if there is an attack:

We take all dog attack incidents very seriously in PAE. A quick response is vital, so please remember to report any incident as soon as possible by calling us on 8405 6600. Our Community Safety Officers are available 24/7 to respond. If you don't report a dog attack, we can't take the steps necessary to prevent other and more serious attacks in the future.

After a dog attack, Community Safety Officers will first ensure that the dog is securely contained. Then they will undertake an investigation to determine what happened and what steps need to be taken to prevent any further incidents.

Their investigation involves gathering statements from victims and witnesses and other supporting evidence, such as photos

and hospital or vet reports. Our Officers will also interview the dog owner to assess the circumstances and the conduct of the dog owner. Finally, they will decide whether any action is required to prevent further attacks.

### Tips for preventing your dog from attacking:

- Understand your dog and what it is capable of, and be aware that all dogs can bite under certain circumstances.
- Keep your dog under effective control in public places.
- Make sure that your yard at home is secure so that your dog can't escape through any fences, gates or doors.
- Give your dog enough activities to keep it entertained so that it can't wander into the community.

Our Community Safety Officers are always happy to provide further advice.

# LIVING KAURNA CULTURE

The City of Port Adelaide Enfield is located on the lands of the Kurna People. We recognise Aboriginal people as the first Australians, with a unique culture and spiritual relationship to the land and acknowledge that they have strived to retain this through the period of non-indigenous settlement. We are strongly committed to improving the cultural, spiritual, health, emotional and economic wellbeing of Aboriginal and Torres Strait Island people in this region.

PUKI PUKI TAMPI'DLU,  
NARTANGKA WAPI'DLU,  
MARNINTYARIA  
TARRKARRI TAI'DLU.

*Welcome. Let us recognise the past, act in the present and build a better future.*

## NUNGA WEEK

Nunga Week is the annual PAE acknowledgement of the contributions made by Aboriginal and Torres Strait Islander communities. Held in the second week of November each year, Nunga Week features the ATSI Awards presentation, when we recognise current and emerging leaders. This November there will also be a program of activities and events at our libraries and community centres, with plenty of opportunities to get involved. For more information and to get involved visit our website and search for:

Nunga Week

## WELCOME TO COUNTRY

We have recently collaborated with the City of Charles Sturt to create a 'Welcome to Kurna Country' film that shares the connection of Kurna people to land, to water, to nature; to Country. For Aboriginal and Torres Strait Islanders, Country is family, kin, law, ceremony, traditions and language, and it has been this way since the dawn of time. Healing Country means embracing our First Nation's cultural knowledge and understanding of Country as part of Australia's national heritage. It also means that these cultures and values are respected equally along with the cultures and values of all Australians.

Scan QR code to watch the film:

## NAMING THE LANES

The laneways around the Civic Centre in Port Adelaide will be named after members of a revered Kurna family who played a leading role in the early settlement years of the Adelaide Plains and Port Adelaide region.

The chosen names are:

- **Ityamai-itpina (King Rodney) Lane**, after the Kurna elder of the Adelaide Plains with whom colonists supposedly 'negotiated' the occupancy of the Adelaide Plains. He is reputedly depicted in a sailor's uniform on a commemorative plaque in the Council Chambers.
- **Tangkaira (Queen Charlotte) Square**, after his wife, who is thought to have been born in the Clare district and who lived in Port Adelaide, at Point Pearce and later at Clarendon with her husband.
- **Iparityi (Princess Amelia) Lane**, after their daughter, who was an accomplished weaver. She made a significant contribution to the sharing and recording of Kurna words and customs with the South Australian Museum during the 1920s. Her name means 'a gentle, misty rain'.
- **Yartapuulti Port Adelaide Lane**, from 'Yarta' (meaning place or land) and 'Puulti' (meaning sleep or death). This is the name the Kurna people gave the land around the Port River.

Signage with the names of the laneways will be installed, along with a shade structure, lighting, greening, public art and street furniture to add even more interest to this special place.

## SCHOLARSHIP WINNERS ANNOUNCED

Each year we provide two \$5,000 scholarships to help local Aboriginal or Torres Strait Island students undertake university studies. One of this year's recipients, Jeremiah Osborne, is undertaking a film course and aspires to be an industry leader in special effects and video graphics. He also wants to give back to the local community here in PAE by passing on his knowledge to the next generation of young people with an interest in the creative arts. Jeremiah finished school three years ago and wasn't sure what to do. Realising he had a passion for film and special effects, he decided to undertake university entrance tests to study in this area. Fast-forward a year, and he is loving his course. Jeremiah says that the scholarship will assist him to purchase a new computer to upgrade what he calls his 'terribly old and slow laptop' and enable him to supercharge his skills.

## ABORIGINAL CULTURAL CENTRE

We are working with local communities to develop a plan for an Aboriginal Cultural Centre in PAE. The Centre will be unique, catering for Aboriginal people seeking to share, learn and practise culture and creating a welcoming place for non-Aboriginal visitors to learn about Aboriginal culture and the rich history of the region. The Centre will also help us preserve and celebrate our unique local Aboriginal heritage, of which we are immensely proud. The site proposed for the Aboriginal Cultural Centre is Western Region Park, which has direct access to the Port River, meaning that interaction with the natural environment will become an integral part of any visit. As the project evolves, there will be opportunities to view plans and give feedback about the proposals. For more information or to receive updates about this project, visit:

# Australia Day

- AWARDS 2022 -

## AUSTRALIA DAY AWARDS

*Who makes a difference in your community?*

With the new year on the horizon, it's time to think about the service and achievements of local people who have enhanced the quality of life in PAE. From October, we will be calling for nominations for the 2022 Australia Day Awards, which are conducted in conjunction with the Australia Day Council of South Australia. This year there is a new award category, Junior Citizen of the Year, which is open to residents of PAE aged under 16 years. It is awarded to a young person who:

- demonstrates dedication to their community and their education
- demonstrates a sense of caring and responsibility for others
- is an inspiration to others and acts as a role model to their peers.

If you know someone who should be nominated, head to our website and complete the form:

## IT STARTS WITH AN IDEA

*PAE Places grants open*

All it takes is one idea: an idea for turning nothing into something, for getting outside, for seeing people. For making room, for making time, for making a place. For seeing things differently, for creating joy, for creating wonder. Have you got an idea for enriching a local space? Do you want to invite people to stop, interact, reflect or share? Maybe you want to bring a park to life, play music in a public place or create temporary art in a quiet corner of your neighbourhood. Or maybe you want to organise a performance, set up market stalls or build a space for outdoor games.

All it takes is a chat with our grants team to turn an idea into a placemaking project. Anyone who lives, works or plays in PAE can apply for a placemaking grant of between \$500 and \$1,000. You can apply as an individual, as a group of neighbours or as an informal community group. You don't even need an ABN. Schools, businesses, artists, musicians and performers are also eligible. Our City is a diverse, creative and wonderful place, and your idea will help us bring something positive and new to the everyday spaces around PAE. It's your idea - we're just here to help you see it to fruition. For more information, or to apply for a grant, visit:

## (FO)GO GREEN IN THE KITCHEN

*Recycle your food and organic waste*

Since 2006, we have introduced a range of activities at PAE to encourage our community to increase the diversion of waste from landfill, particularly with food organics and garden organics (FOGO). These activities include implementing the three-bin kerbside system, undertaking promotions with schools and community groups, offering free green waste drop offs, providing free hard waste services to all households, implementing recycling in public places and delivering compostable bags and caddies to any household upon request.

Despite our efforts, we have not seen significant improvement in kerbside waste diversion, nor significant uptake in our FOGO compostable bag service. In addition, research has shown that 70% of the compostable bags are still going to landfill or being stored unused.

Recently, we asked you about your use of green bins, and you told us that you think you are good recyclers but could be better educated about FOGO.

There are many things we can all do to help reduce food waste and improve FOGO levels throughout PAE. Over the next 12 months, we will be undertaking some initiatives to educate our community about what to put in your FOGO bins and why, as well as what happens to food waste.

To start being greener, you can order your FOGO compostable green bags and caddies at

## OSBORNE TO BE WILD

*Street art facelift for Community Hall*

Earlier in the year we asked you which drab areas of the city needed brightening up. Based on your suggestions, we have been installing new artworks all across PAE as part of the Colour Our City initiative. The latest mural wraps right around Osborne Community Hall, transforming this old utilitarian building into something spectacular to behold, both from the road and up close. We engaged Artist Josh Trenwith from TWC Studio to complete the work, and he has done an amazing job. His contemporary poster-style mural includes many recognisable local sights including dolphins, prominent people, landmarks and native fauna. There is even a historical representation of changes to the area over time, from the 1920s through to now. Within the design there are some small details that you can't see from a distance - so we recommend stepping in to take a closer look.

## AGE IS NO BARRIER TO FUN

*New playgroup transcends the age gap*

Have you seen the heartwarming television series 'Old People's Home for 4 Year Olds', which shows children visiting older people in their communities? In a new partnership with Playgroup SA, we have been trialing our own intergenerational playgroup at Enfield Community Centre. We have loved seeing relationships blossom between the older residents from both Bupa Aged Care Enfield and Uniting SA Regency Green Aged Care and local PAE children. For more information contact Diana, Children, Youth & Families Leader ☎ 8405 6709

## LOCAL COUNCILLORS MAKE A DIFFERENCE IN OUR COMMUNITY

*Supplementary election for Outer Harbor ward*

Councillors make decisions about matters that have an impact on community life, and are responsible for managing \$1.7 billion worth of assets around PAE. During September and October, a supplementary election will be held to fill a vacancy in the Outer Harbor Ward. If you are eligible to vote in this election, you will receive your voting pack in the mail. The pack will contain a ballot paper that shows the candidates standing for the election. Have your say by making sure that your ballot is returned by the due date.

**Raymond Sardana | Radio Presenter**

Raymond Sardana arrived in Sydney, Australia in 1970 before moving to Peterborough where he worked for the South Australian Railway. When transferred to Adelaide he bought a house in Klemzig, where he has lived for almost 40 years. Being passionate about connecting people and helping migrants to flourish, Raymond has been an important voice for the local Indian community.

He has volunteered for and held leadership positions in the Indian Australian Association of South Australia (IAASA), Australian Bollywood Club Incorporated and the Multicultural and Ethnic Affairs Commission as well as the Australia India Business Council SA Incorporated. Being so well connected in the community, and with his knowledge of our health, legal and educational systems, he has helped many people establish new lives in South Australia.

He says that his most enjoyable and rewarding service has been with the Indian Community Radio at SEBI (103.1 FM). As a recordist and presenter he brings a piece of India to his listeners through current news, educational interviews, folk songs and the promotion of local events and activities. He was recently presented with the highly respected Golden Mic award for his outstanding services in community radio service.

**Through radio, people can learn about life in a new country, and it helps them to feel part of the local community.**

He was also recently recognised as 'Senior Volunteer of the year 2020' for his contribution to multicultural communities, dedicating the award to his 'kind & virtuous wife Promilla.'

## ARE YOU EXAM-READY?

*The library crew are ready to help*

Exams can be an anxious time for thousands of students across the state. Fortunately, your PAE Libraries are here to support you during this time. Your library has a range of different study spaces to suit your study style, and there are computers and free WiFi available. You can also find free online learning through LinkedIn Learning, providing study-ready skills that can help you with time management and study planning. Pop into your local branch and collect your free study survival kit from 4 Oct – 1 Nov.

## READING HOUR

*Make reading a daily habit*

Research shows that reading books can improve your cognitive abilities, relax your body and lower your heart rate - and that your personal wellbeing and happiness are significantly improved when you read books regularly. Join fellow readers across the country for a dedicated hour of reading, and celebrate reading and all the wonderful benefits it brings. Reading Hour is on Tuesday 14 September 2021. ## RECOVERY JOURNEY

*Videos highlight community resilience*

In July 2020, our Elected Members endorsed our COVID-19 Recovery Framework, which mapped out the innovative ways we planned to support our community in leading the recovery from the impacts of the global pandemic. Twelve months on, having wrapped up the Framework, we are reflecting on the achievements of this past year. We are continuing to support and work with our community to deliver some of the innovative programs we launched during 2020 and 2021. Our aim is to reinvigorate PAE and support residents and businesses to respond to changes as they happen. A series of short films highlighting some of our favourite recovery projects is now available on our website:

## TO THE LIBRARY AND BEYOND!

*Spring school holiday program*

Celebrate World Space Week during the school holidays, and honour the contributions of space science and technology for the betterment of the human condition. There will be sessions involving Minecraft Rockets, Galactic Slime, Lego

Adventures in Space and the Mobile Planetarium. You can also join a Reading Challenge via Beanstalk with a whole new set of badges to collect.

Bookings essential. For more information, check out the school holiday program at:

[cityofpae.evanced.info/signup](http://cityofpae.evanced.info/signup)

## FIX IT UP AT THE REPAIR CAFÉ

*Volunteers on hand to help*

The Repair Café offers a welcoming space, where you can learn to repair your broken or damaged items, save money by reusing or re-purposing, discover how to reduce waste, or gain a new skill. Come along and help build a resilient community in these challenging times!

Meet our amazingly skilled team of volunteer repairers who can mend just about everything - from arts and crafts to most household items, including electrical appliances, computers and other electronic items. Connect with like-minded people, repairers, creators and community makers every second Sunday of each month (except public holidays) at the Parks Library from 1 – 3pm.

For more information, visit:

## IN THE NAVY

*Community club is for everyone*

In the back streets of Port Adelaide is a local treasure, the Navy Club. The primary focus of the Navy Club is supporting serving and ex-serving Naval personnel and members of the other armed forces. But they also open their doors to the local community, from 4pm until close on Fridays, and between 9.30am and 3pm on Saturdays. Every Saturday morning you will find their regular volunteers serving up their well-attended sausage sizzle. Head indoors to view the Naval memorabilia of which the custodians of the club are very proud. Every second Friday night the club has its 'Mega Raffle Night' with a range of prizes, and a \$10 BBQ plate on offer. This popular little club, at 35 Quebec St, Port Adelaide - is a place for anyone to come along to and enjoy.

## SHAPE THE FUTURE OF PAE

### *Have Your Say in our Community Survey*

We know that it takes all kinds of people to make a community, and it's these differences that make PAE such a unique and diverse place. Help us make PAE a better place for you to live, work, play and connect by completing our community survey.

This survey will help inform our decision making for the year ahead and help us ensure we are

delivering the programs, services and facilities that you value most. Your feedback will be collated and presented to our Elected Members, and we will keep you informed about what we have heard and how we are responding. Simply visit [haveyoursay.cityofpae.sa.gov.au/community-survey](https://haveyoursay.cityofpae.sa.gov.au/community-survey) or scan the QR code above. You may also request for printed copies of the survey to fill out by getting in touch: [consultation@cityofpae.sa.gov.au](mailto:consultation@cityofpae.sa.gov.au) or **8405 6600**

## LIFE EVENT SEMINAR SERIES

### *Learning for life*

Our Community Services team have received a grant from the Office for Ageing Well to run a ten-part seminar series later this year and early in 2022. The Life Event Seminar series will focus on major life events and how to build resilience for when they happen. Life events can have a major impact on people's lives in both the short term and the long term, and people have told us that they feel they can cope better when major life events occur if they know what to do. The seminar series will bring in guest speakers who are experts in their areas to present and have open discussions with attendees.

*The Seminar series is open to anyone over the age of 50. Further information about the series, and the dates of each session, will be available on our website and in the next edition of PAE Today.*

The Life Event Seminar Series will include sessions on:

1. **Resilience and character strengths:** What is resilience and how can you get it?
2. **Downsizing your home:** The secret of successful downsizing
3. **Retirement:** Winning tactics for retirement
4. **Unemployment:** Unemployment in later age
5. **Death:** A guide for when someone dies
6. **Volunteering:** Learn how to start volunteering
7. **Grandparenting:** How to learn grandparenting
8. **Divorce or separation:** Where to now?
9. **New social opportunities:** How to make new friends
10. **Caring role:** How to know when to ask for help.

## *Men and their Sheds*

Men's Sheds are not just about fixing things and building toys; they help men and build communities. The Regency Community Men's Shed is a wonderful local meeting space where you can connect with other community members, share stories and jokes, and use skills you might have thought you'd lost. The shed is located at the Enfield Community Centre on Regency Road. To get involved, contact Peter on **0400 115 249**

## SWIMMING SAFELY IN PAE

### *Out and about on our coast*

With warmer weather on the way, many of us will be keen to go swimming, fishing and boating outdoors. Unfortunately, injury and even drownings can occur around beaches, rivers, lakes and swimming pools. Royal Life Saving South Australia has created a 'Make the Right Call' campaign to raise awareness about keeping our families and communities safe when in, on and around water. To stay safe, remember these important tips:

- Remain close to friends and family, regardless of their experience or age – never leave anyone alone.
- Wear a lifejacket when fishing on boats and jet-skis – lifejackets save lives.
- Do not use alcohol or drugs when you are near water – they can affect both your thinking and your reactions, which can lead to drowning.
- Learn to swim and practise water safety skills to keep yourself and others safe by knowing what to do in a drowning emergency.

Visit [royallifesavingsa.com.au](https://royallifesavingsa.com.au) to access the resources, which are also available in other languages. We want to ensure that everyone can enjoy a fun and safe summer along our coastal and inland waterways.

## JERVOIS BRIDGE

The building of the original Jervois swing bridge began in 1875, adjacent to the old Port bridge, the first bridge to span the Port river, connecting Port Adelaide and Lefevre Peninsula.

The official opening of the Jervois Bridge, the first of its type in Australia, on 6 February 1878 was attended by Governor William F. D. Jervois, after whom the bridge was named.

From a central position on the bridge known as the 'bridge keeper's gallery', the operator

was able to view the river and roadways and could pivot the bridge to allow sea vessels to pass through. Opening the bridge created a gap that could accommodate vessels up to 14m wide with no height restrictions.

The original bridge was replaced with a newer fixed span bridge in 1969, and the 'control tower', consisting of the bridge keeper's gallery and signal box, was moved to the Port Adelaide Corporation yards, to be restored by the Port Adelaide Council. It was placed near the Council car park in 1987.

After the construction of new Government office buildings in Nile Street, the control tower was moved to our Kilburn Depot for repairs and maintenance.

Soon, this remnant of the original Jervois Bridge will be moved to a prominent and permanent home on the waterfront, near Hart's Mill. This site was chosen in consultation with the Port Adelaide Historical Society, the Port Adelaide National Trust, Renewal SA and Mulloway Studio and approved by Council at its July meeting.

## NEW LIBRARY OPENING HOURS

After careful consideration, the opening hours at the Semaphore, Port Adelaide, Parks and Enfield Libraries will be changed. The Greenacres Library opening hours were changed earlier this year as part of the library's redesign project. The new opening hours will allow access to Library spaces at times which will better suit the community, and are designed to complement your lifestyle and needs. The new opening hours will come into effect in early September.

## HOP ON BOARD

### *Become a Community Bus Driver*

Have you got some spare time? Would you like to meet new people and give back to the community? We're looking for some new volunteers to drive the community buses on our fixed route circuits. Our bus service fills the gaps in local Adelaide Metro services to support residents to get to activities and medical appointments or to go shopping. As a Community Bus Driver you will work in a friendly, supportive environment, make new friends and discover how volunteers really do make a difference in people's lives!
