Deputy Mayor **BARBARA CLAYTON**

For those who haven't had the opportunity to meet me I'm Barbara Clayton and I'm currently the Deputy Mayor. I am delighted to welcome you to the Autumn issue of PAE Today. Summer is over and now that we're heading into the cooler months of the year, we're getting excited about our next major event, New Found Sound, a free, all-ages celebration in May of live music across the Port Adelaide precinct. Showcasing new music and emerging voices in unique spaces, it's sure to be a great night. Talking about celebrations, our Australia Day Awards are all about celebrating our community. Congratulations to this year's nominees, all of whom have contributed so much to PAE – read

more about the winners on pp. 4 and 5. Another way we celebrate and help to build the community is through our grants, and in this issue we've included information about some grants that are currently open. Visit our website for more information or register with Grant Finder to receive an alert whenever a new grant is available. Autumn is a great time to plant trees, and while we continue our planting program across the parks and streets of PAE, our Get Shady scheme is on again this year, supporting people to plant trees in their own gardens. Meanwhile, if you're passionate about the environment but don't have room to grow a tree, why not participate in the CoastSnap Citizen Scientist project? Send in your photos taken at

Semaphore Jetty, Largs Bay Jetty or the shoreline at Yitpi Yartapuultiku and help contribute valuable data to improve the way our beloved coast is managed. As I write this, Easter is just around the corner and there's plenty to look forward to. With the Adelaide International Kite Festival at Semaphore and the Easter Egg Hunt at Regency Community Golf Course, there's lots of fun to be had over this special holiday season. If you're looking for something else to entertain you and your loved ones, have a look at the listings in the 'What's On' section of this issue or see the Events page on our website. There's always something to do or see in PAE – I look forward to seeing you in our beautiful city one day soon.

ACKNOWLEDGMENT OF COUNTRY

The City of PAE acknowledges and pays respect to the traditional custodians of the land on which we stand, the Kurna people of the Adelaide Plains and pays respect to Elders past, present and emerging. We recognise and respect their cultural heritage, beliefs and relationships with the land. We acknowledge that they are of continuing importance to the Kurna people living today.

PAE Today is an official publication of the City of PAE and is produced four times a year. It's delivered in PAE to most residential properties via letterbox distributors and to businesses by Australia Post. Copies of each edition are also available from our libraries and community centres, and online at cityofpae.sa.gov.au/connect/pae-today. Please contact us if you require assistance to access a copy. Suggestions for articles can be submitted to communications@cityofpae.sa.gov.au

Disclaimer: While every effort is made to report community information fairly and accurately, the City of PAE accepts no responsibility for any errors or omissions which may occur. The views of the contributors are not necessarily shared by the City of PAE.

AUSTRALIA DAY AWARDS 2026

On 22 January 2026, we held our annual City of PAE Australia Day Awards, where we took the opportunity to thank some outstanding members of our local community, whose contributions make PAE a better place for everyone. We're proud to say that PAE is a city that's made by people – congratulations and thank you to all our winners and nominees! Read on for more information about each of the winners.

CITIZEN OF THE YEAR Mrs Debbie Grace

A previous winner of PAE's Service to the Community Award in 2013, Debbie founded OC Challenge in 2007, a not-for-profit charity that supports South Australian women with ovarian cancer, raises funds, educates and raises awareness about the illness. Through the efforts of OC Challenge, not only can newly diagnosed patients at the Royal Adelaide Hospital access a psychologist, but also a dedicated nurse and support staff are available to patients throughout their treatment and afterwards. This free service, started and funded three years ago by OC Challenge, has so far supported over 230 women from metropolitan and regional areas in private and public health settings.

YOUNG CITIZEN OF THE YEAR Miss Alyssa Steel

At 21, Alyssa is a vibrant, grounding presence in the PAE community. Through her extensive involvement with Lefevre Christian Family Centre and Ocean View College Breakfast Club, she helps to build emotional resilience, connection and joy for local children and youth. She plays a central role in the Lefevre Kids and Fever Youth Leadership programs, where safe, inclusive spaces offer belonging for young people, while working as a volunteer in several other roles. She has achieved all this while completing full time studies in paramedicine and pastoral ministry, culminating in her ordination as a minister and soon-to-be paramedic. Embodying the values of compassion, service and leadership, Alyssa is an outstanding role model for others in PAE and beyond.

OLDER CITIZEN OF THE YEAR Mrs Denise Barbara Delaney

With 13 years of volunteering service at the Port Adelaide Athletics Club beneath her belt, Denise is the co-ordinator of the club's Active for Life (AFL) a seniors fitness group. Having doubled the number of registered members to 105 since she took over, she regularly organises social outings and welfare checks for absent members. Her volunteer work extends beyond AFL to arranging food collections for Community Help and Togetherness (CHATS) and participating in the CHATS-in-CARS sleep-out in 2025. Recognised with life membership in 2024 for her service to the club, Denise was also a state finalist that year in the National Seniors Australia Everalld Compton Community Champion Medal in Brisbane.

SERVICE TO COMMUNITY WINNERS

- Dr Allan Cleanthous
- Kate Leaney
- Mark Moore and Sue Kitto
- Sam Powrie
- Swoopers
- Mrs Ashley Tippins
- Karen Lee Warren

EMERGING EVENT OR COMMUNITY GROUP

The Rotary Club of Lightsview for Halloween in Lightsview

Established in 2022, the Rotary Club of Lightsview is a dynamic contributor to PAE through its innovative, inclusive annual Halloween in Lightsview event. Bringing people together in a fun, family-friendly, welcoming and safe environment, the event, which also caters for people with disability and sensory challenges, transforms the Lightsview precinct into a lively community celebration featuring costumes, music, games and themed decorations, co-ordinated by volunteers. A local calendar highlight, the event strengthens community connections, supports local businesses and introduces Rotary's values of service and fellowship to new audiences. It exemplifies what an emerging event can achieve when driven by passion, teamwork and a genuine desire to make a difference.

COMMUNITY EVENT OF THE YEAR

Karren Kelly for Amplifii Music Festival

Karren is the founder of Amplifii Music Festival, an inclusive and accessible music festival that was held in Hart's Mill, Port Adelaide, for the first time in February 2024. The event, which was an Adelaide Fringe weekly award winner in 2025, features Auslan interpreters, sensory zones, vibrating vests and wheelchair-accessible spaces, ensuring that people with disability can fully engage with the music and atmosphere. With an emphasis on good vibes and shared experiences, Amplifii isn't just a music festival – it's a vibrant demonstration of how art, accessibility and community spirit can come together to create a more inclusive and compassionate society.

Australia Day
Reflect. Respect. Celebrate.

PROTECTING PAE'S BIG TREES

Do you have a large tree growing in your garden that's difficult to maintain?

Large trees bring many benefits to our community (like providing habitat for wildlife, improving the appearance of the streetscape, and providing shading and cooling effects), but their upkeep can be costly. That's why we offer the Significant and Regulated Trees Assistance Scheme, through which we'll reimburse landowners up to \$1,000 (or \$2,000 for people who receive a Centrelink benefit or hold a Low Income Health Card) to help pay for maintenance work, including pruning or pest treatments. To be eligible, your tree must be defined as regulated or significant, meaning that it has a trunk with a circumference of 1m or more and, if the circumference

is less than 2m, it must be one of the following four species: Eucalyptus, Corymbia, Agonis, Angophora. Christine, who received a reimbursement to prune her river red gum, said that she found the application process easy. 'I would definitely recommend that other residents apply who have significant trees,' she said. 'My advice would be to take the best photos you can to clearly show the full tree, and to use a reputable arborist company with full insurance.' You'll need to complete an application form demonstrating you meet the criteria, and the time frame for assessment and reimbursement, if granted, will depend on additional factors. For more information, see our website or contact us at tree.grants@cityofpae.sa.gov.au

PLANT A TREE THIS AUTUMN

Autumn and winter are the best seasons to grow a new tree in your garden. Each year, through the Get Shady project, we hold a native tree give-away event and offer rebates for people who prefer to choose their own tree to plant at home. Small native trees like golden wattles, silver banksias, native pines and native hibiscus are great choices, offering colour and shade, increasing biodiversity, and providing seeds and nectar for birds. We're particularly keen to see new trees in Mansfield Park, Angle Park, Ferryden Park, Woodville Gardens and Kilburn, where there are fewer large trees, resulting in less shade and hotter summer days and nights. To find out how to participate, head to our website. Let's get growing!

Individual Grants

Get Shady

APPLY FOR A BUSINESS GRANT NOW

We're passionate about supporting local businesses to innovate, go green and help our city's economy flourish. Each year, we offer several business grants, including the Green Business Incentive Grant through which we fund businesses to embrace renewable energy, provide sustainable transport options, reduce energy bills and contribute to a circular economy. Suzi Cook-Davis, owner of the Beach

Haven Café, used her grant to install a Fleurieu Milk tap system, enabling the business to stop throwing away 100 plastic milk bottles every week. Another grant offered by PAE is the Small Business Growth Grant, which offers between \$1,000 and \$5,000 to help small businesses expand into new markets, diversify their products or services, and integrate digital technology. Local artist De Greer-Yindimincarlie used her grant to buy a 3D printer, expanding her arts offering

and boosting her workflow. As Suzi says, 'applying for a grant is definitely worth it and not difficult at all. The staff at the council are super helpful and will guide you through.' Visit our website for more information or to apply. You can also register with our Grant Finder to access expert tips to enhance your application and to receive email alerts whenever a grant is available.

AUSTRALIAN DEATH NOTIFICATION SERVICE

Losing a loved one can be one of the most difficult times in a person's life. There can also be a daunting amount of paperwork to organise. The Australian Death Notification Service (ADNS) is a free government service that helps next of kin and executors of the will notify organisations (such as government agencies, financial institutions, utilities and some councils, including the City of PAE) that someone has died. To use the service, the person's death must be registered with Births, Deaths and Marriages, and you'll need to provide the person's name, date and place of death, and last known residential address. For more information, visit deathnotification.gov.au

IT'S A GOOD SIGN

We're doing a phased roll-out of new signs across PAE's parks and sporting grounds to include universal symbols of accessibility and cultural inclusivity. Along with this, some of our parks are getting new names – like the recently renamed Northfield Community and Sports Park, which brings together the Edward Smith and L J Lewis Reserves under one name, and is complemented by the Kurna name Kalyamarrunkga, meaning 'active place'. With upgraded

community AFL-standard oval lighting and new enclosed cricket nets and an automated booking system recently installed, there's lots to see and enjoy at Kalyamarrunkga.

Honouring our councillors

For 28 years, Cr Carol Martin, OAM, has devoted herself as a councillor to the principle of 'strengthening our community one conversation at a time'. A passionate advocate for issues including aged care, disability support and social cohesion, she has supported the Kilburn Football

and Cricket Club for decades, and we're proud to rename the Blair Athol Reserve as the Carol Martin Reserve in her honour.

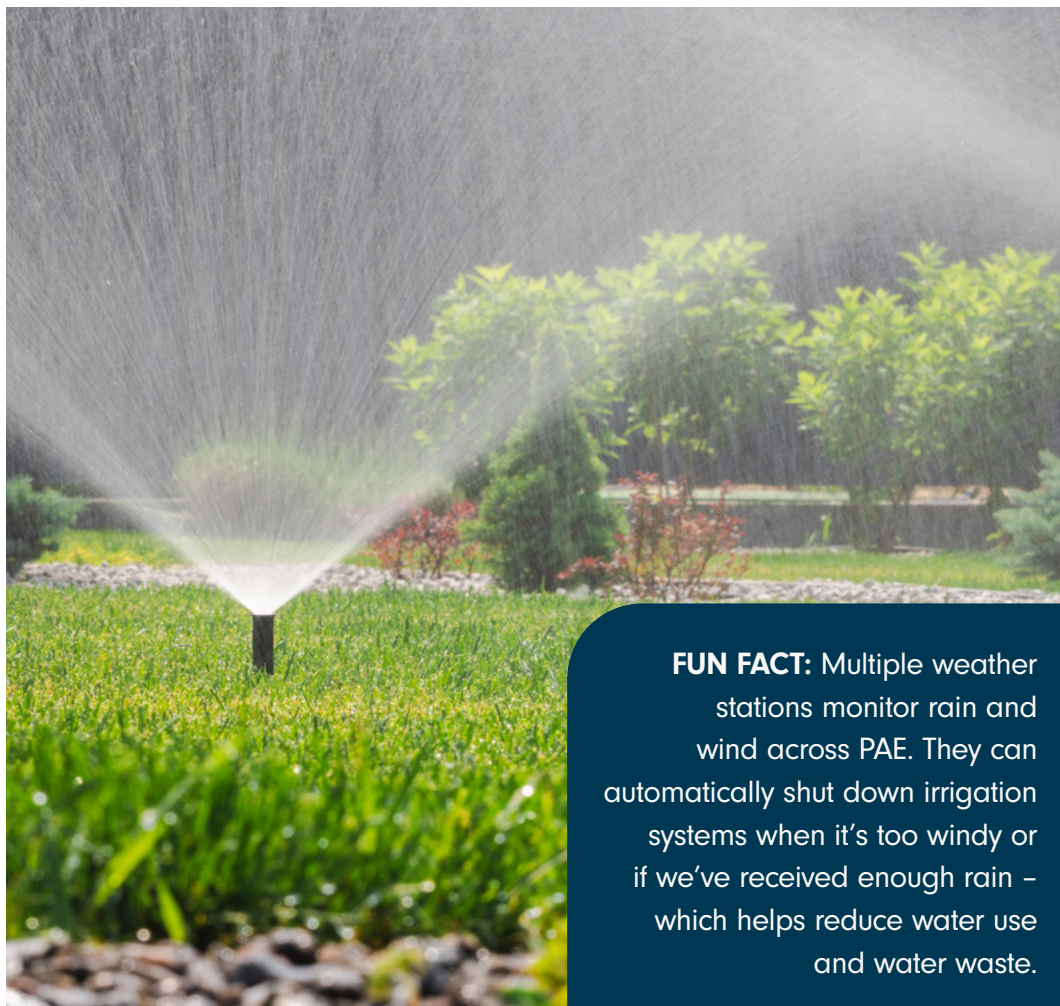

In recognition of Cr Mark Basham's 35 years of dedication to the local community, including protecting community land, upgrading and establishing civic and sports clubrooms, and fighting to retain the playground at Northgate's Butler Grove Reserve, we've proudly renamed the Butler Grove Reserve as the Mark Basham Reserve.

DROP OFF YOUR HARD WASTE

Cleaning up your house and shed before winter sets in? Each household in PAE is entitled to book up to three hard waste services each year. Two of these may be hard waste drop-off vouchers. Simply book your voucher in advance and then drop off up to a 6x4 cage trailer of waste at the

Beverley Recycling Waste Centre during operating hours. Bring your proof of booking and residency at the gate and don't forget to use your voucher before it expires (vouchers are valid for six weeks). See our website or call ☎ 1800 777 844 for more information.

FUN FACT: Multiple weather stations monitor rain and wind across PAE. They can automatically shut down irrigation systems when it's too windy or if we've received enough rain – which helps reduce water use and water waste.

RECYCLED WATER

At PAE we value our natural environment and we're striving to shape the city to tackle the challenges of a changing climate. Recently, we've been working to improve environmental sustainability by reducing our reliance on drinking water supplied by SA Water. In collaboration with the City of Charles Sturt, we've secured grant funding to access 122 megalitres of recycled water. With this funding, we'll install a large pipe to connect water from the City of Charles Sturt's recycled water network to Port Reserve on Bower Road, along with a holding tank and additional pipes.

The storage tank will fill with reclaimed water from the City of Charles Sturt during the day, ready for irrigation of Port Reserve, Old Port Canal Gardens and Joyce Snadden Reserve at night. We're aiming to have the system up and running for the summer 2027 irrigation season. Securing an alternative water supply like this is crucial for PAE because it will enable us to continue to provide sporting grounds and grassy parks for the community and reduce reliance on the River Murray during the state-wide drought. In addition, reclaimed water is cheaper than mains water, so we're saving our community money.

CAWRA TOURS

WHERE DOES YOUR RECYCLING GO?

Come and see it for yourself on a behind-the-scenes tour of CAWRA's Kilburn Material Recovery Facility. Tours for community and school groups. Get in touch:

✉ enquiries@cawra.sa.gov.au ☎ 0473 975 042

ARE YOU ELIGIBLE TO VOTE?

This year, there will be two elections in South Australia – the state election on 21 March 2026 and the local government election in November. Unlike the state election, voting in the local government is conducted by post and it's not compulsory, but if you're a resident, casting a vote is the best way to have your say about what happens in your local community. Your council is responsible for implementing planning and building regulations; managing fire and hazard prevention; managing dogs and cats; enforcing parking controls; collecting waste; and inspecting food and health businesses. Councils also play an important role in improving and maintaining many services in your neighbourhood, including roads, parks, swimming pools, sports facilities and libraries, as well as local events and festivals.

Your vote will help determine who holds the role of Mayor and each of the 17 ward councillor positions for the next four years.

To enrol or update your details, see the Electoral Commission of South Australia: ecsa.sa.gov.au
*Authorised by Mark Withers,
 Chief Executive Officer*

DID YOU KNOW?

In this series, we provide tips and ideas about things people commonly contact us about.

ALL THE FIXINGS

Have you heard about the Repair Café at the Parks Library?

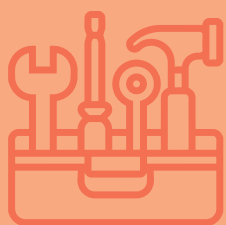

It's a fun, welcoming session held from 1 to 3pm every second Sunday of the month between February and November, where people can bring in broken or damaged items for mending. Volunteer repairers sew, mend or fix most household items, including tools, electrical appliances (except microwaves), computers, electronics and more – if you can

carry it in, we'll try to fix it!

The Parks Repair Café is part of a global movement that began in Amsterdam in 2009. With many Australians reporting increasing loneliness, repair cafés offer not only a friendly, sustainable way to fix broken items, reduce waste and save money, but also opportunities to meet in a relaxed, inclusive environment. By the way, we're always on the search for volunteers – so if you've got the skills and some free time, see our website for more information.

GET MAKING

Also available to library members through the Parks Library is the Makerspace, a DIY creative hub designed for hands-on learning and making. The Makerspace offers 3D printers, soldering equipment, hand and power tools, sewing machines, computers with creative software and more. With a range of sessions and levels of support, it's suitable for anyone who wants to create, collaborate or innovate. Recent comments from visitors include, 'This is amazing, I had no idea this was here' and 'I can't wait to tell my family and find out what we can 3D print!' Sign up for an induction for full access during library hours or drop in on Wednesday evenings and Sunday afternoons when the Makerspace is staffed.

Don't forget the Tool Collection, available to library members through the Port Adelaide Library. No need to buy a power tool for your next repair project – simply borrow one for up to two weeks and return it within the borrowing period.

THE BEST TOOL IN THE SHED

Ask anyone in the Regency Community Men's Shed what the best tool in the shed is, and you won't hear the words drill or hammer – they'll say it's the kettle. No matter how busy they are, the Shedders always find time to share a cuppa and have a chat.

First opened in 2020, the Men's Shed, located at the back of the Enfield Community Centre, now has over 40 active members.

Their efforts have included building 200 bird boxes to restore habitat in bushfire-affected areas, constructing Little Street Libraries to encourage reading and connection, making planter boxes for the community centre and creating sensory boards

for students in the Roma Mitchell High School's Special Education Unit. Members also enjoy making items for themselves, like chopping boards, toys, garden stools and breadknives. The Shed is open to both men and women, with dedicated women's sessions running weekly.

“When I was growing up, girls didn't get the chance to learn woodwork at school,”

says one regular, adding that now she's retired, she enjoys making things that help the community.

The men's group is open Monday to Thursday from 9am to 12pm and the women's group runs on Mondays from 1pm to 4pm. Get in touch via [✉ regencymensshed@gmail.com](mailto:regencymensshed@gmail.com) – or drop in for a chat.

YOUR LOCAL RSL

Returning to civil life can be a difficult time for veterans, and that's where the Returned & Services League (RSL) steps in. The following sub-branches, where veterans and their families can come together to support each other and socialise, operate in PAE:

- Enfield
- Gilles Plains/Hampstead Gardens
- Kilburn
- Largs Bay
- Northfield and
- Semaphore/Port Adelaide

Your local RSL is also a hub for community get-togethers, bingo nights, dance days, meat raffles and more. Don't forget to check out your local RSL for commemorative services and events for Anzac Day on 25 April – visit rslsa.org.au. Lest we forget.

WHEN WILL MY BINS BE PICKED UP?

PROJECT PLAY

We hope this one 'crabs' your attention! Each year we replace and upgrade several playgrounds across PAE. Construction of an upgraded playground at Semaphore Foreshore North is due to start this autumn. Thank you to everyone who provided feedback – you've inspired the big blue crab design feature and a surrounding play area 'swimming' with sea life-themed play elements. The design also features inclusive play elements, retaining and better integrating an accessible Liberty Swing, inclusive trampoline, inclusive carousel and sensory play features. Find more information and check out other exciting playgrounds that are in the works at:

 [/project-play](#)

NOTES FROM PAE COUNCIL MEETINGS

DECEMBER 2025

- Endorsed the Draft Social Infrastructure Plan and Draft Public Toilet Plan for community consultation
- Endorsed the CAWRA Education Plan and the Semaphore Foreshore Master Plan Prudential Report
- Endorsed the Junior Ranger Grant Program at Yitpi Yartapuultiku
- Endorsed a submission for Nuclear-Powered Submarine Construction Yard Project – Site Preparation Licence Application
- Endorsed a submission for the Environment Protection and Biodiversity Conservation Act Reform

JANUARY 2026

- Endorsed the submission of three applications to the State Government's Algal Bloom Funding programs as part of the State Government \$100m Summer Plan to protect South Australia's coast
- Endorsed council feedback and submissions about National Environment Standards and the Green Adelaide Regional Landscape Plan 2026–31

FEBRUARY 2026
