If the application meets all the eligibility criteria it will proceed to the assessment stage where we evaluate how the proposed activity will deliver outcomes for our community. Applications are scored according to the criteria above. We aim to ensure that successful applications achieve a score of 51% or more. If your application fails to meet that score, don’t worry, we will discuss it with you and provide feedback on what you need to improve.

Both the eligibility and assessment stages are undertaken by Council staff. The decision of awarding grants will be made by staff with appropriate delegations.

Timeframes

- There will be two funding rounds per year with opening and closing dates listed on the website.
- Applications will be assessed in March and September.
- If you can demonstrate why your application is urgent and should be assessed outside of this, please contact us to discuss.
- We aim to notify you within four weeks of the closing date.
- Successful applicants will be required to spend Council’s grant funds within six months of the date of their grant approval and acquit within two months of the completion of the activity or purchase.
What else do you need to know?

Eligible organisations that facilitate separate sporting programs; for example football in the winter and cricket in the summer, may apply twice a year for assistance for each separate and distinct sport. Applications will be assessed using the weighted criteria and prioritised accordingly. Council has limited funding available and may not be able to support all eligible applications.

You will need to acknowledge Council’s grant in any publications or publicity.
