

CITY OF
Port Adelaide Enfield

P.A.E today

MRF Opening | Kilburn Blair Athol | Community Project Grants | Australia Day Awards

Mayor Claire Boan

The City of PAE acknowledges and pays respect to the traditional custodians of the land on which we stand, the Kaurna people of the Adelaide Plains and pays respect to Elders past, present and emerging. We recognise and respect their cultural heritage, beliefs and relationships with the land. We acknowledge that they are of continuing importance to the Kaurna people living today

Welcome to our Autumn issue of PAE Today.

On the following pages, you will find the latest news and stories from our community and information about our events, services, programs, and projects. You can also access PAE Today online at paetoday.com.au

This year started on a high with the opening of the much-anticipated, state-of-the-art Materials Recovery Facility (MRF) in Kilburn, which means we can process our recyclables right here in PAE.

Up to 50,000 tonnes of kerbside recyclables including mixed papers, cardboard, aluminium, steel, plastics, and glass will be sorted into clean commodities. These will then be processed into recycled paper, plastic and cardboard packaging, new beverage containers, street furniture, and more.

Finding ways to recycle our waste and transform it into everyday products is good for local businesses and our circular economy, and

diverting this waste from landfill is good for the environment.

The building of the MRF is aligned with our leadership in waste management and our commitment to our environment. Over the next three years, we will continue to support our residents and businesses to reduce their water, waste, and emissions and to grow our circular economy.

I congratulate our winners of this year's Australia Day Awards for their outstanding achievement and excellence in our local community. These people are not usually high-profile figures, but the difference and impact their behaviour has on the lives of individuals and groups within PAE cannot be over-emphasised. You will find their Awards and details on page 8.

It's been a challenging year for the arts community, so we are excited that the Fringe comes to PAE again this year. You'll find many opportunities to get out and enjoy family shows, cabaret, comedy, dance, theatre, and visual arts

as part of this epic arts event.

Don't miss the Big Picture Series AR at Port Adelaide, where you will discover a hidden world with this immersive, self-guided tour.

In your own time and in your own way, you can see Lighthouse Square and some of our finest Wonderwalls come to life with dynamic augmented reality artworks.

Scan the QR code on page 15 for all that's on in PAE for the Fringe, and I hope to see you out and about soon in the amazing community that is PAE.

I encourage you to keep talking to me and your local Ward Councillors. We will continue to advocate on your behalf as we work towards our shared goal of shaping PAE's future as being liveable, sustainable, and inclusive, with strong community and business connections.

And keep following us at @CityofPAE on social media or read PAE online at paetoday.com.au

*Ward in focus***Enfield***Total population***23,679***Total households***10,199***Overseas born***46.7%**

Enfield Ward is bordered by Grand Junction Road, Hampstead Road, a small part of North East Road and the railway line in Kilburn. It includes the suburbs of Kilburn, Blair Athol, Enfield, Clearview and Manningham. It also includes parts of Sefton Park and Broadview.

**Cr Barbara Clayton**

Having lived in the area all my life I have witnessed Enfield Ward grow in popularity due to its central location and incredible community spirit.

With not one but two amazing community centres, the first Men's Shed in the City of PAE and an abundance of multicultural cuisine, it's not surprising that this is a great place to live.

The recent beautification of Prospect Road is something I am extremely proud of, and I am passionate about continuing to improve the area for you, the wonderful people who make this community so special and welcoming. My family and I are proud to call Enfield Ward our home.

**Cr Olivia Colombo**

Enfield Ward has a wonderfully vibrant and multicultural community.

There is no shortage of community spirit with the hardworking and genuine residents always willing to lend a hand to a neighbour or have a chat.

As Ward councillor, I am most excited to see the positive impact of recent Council investment in major projects across our Ward including the Prospect Road Upgrade and the Dover Street Project in Blair Athol.

**Cr Carol Martin OAM**

I still feel very fortunate to continue to work as a team with my Enfield Ward councillors, to support the rich, diverse community who live in Enfield Ward.

The long-awaited major upgrade of Prospect Road is continuing to grow our economy and means more organisations in Enfield have places to gather for celebratory events in our specially designed nodes.

Thanks to the interest and ownership of local residents, the Local Area Traffic Management (LATM) scheme is now in place in Enfield and Manningham.

The long-awaited transformation of Blair Athol is near completion, and it's exciting to see more young people moving here and enjoying all that Enfield Ward has to offer.

Notes from **PAE Council Meetings**

November

- Heard two deputations related to the proposed Alberton Oval development
- Voted to adopt a community land management plan for Alberton Oval, granting a 42-year lease to the Port Adelaide Football Club to create a new community recreation precinct
- Received a report about the development of a master plan for the E P Nazer Reserve
- Endorsed our Long Term Financial Plan 2022–2031, which includes an additional \$81.4 million to be allocated over the next 10 years for new and upgraded assets
- Elected Cr Hannah Evans as the Deputy Mayor for the next 12 months
- Recognised Cr Helen Wright for 15 years of service as an Elected Member

December

- Held the Council meeting at Klemzig Community Hall
- Received a petition to consider purchasing a parcel of land to create a green pocket park on McLaren Parade
- Decided to extend eScooter operation down Semaphore Road to Glanville Railway Station to make it easier for people to access the foreshore
- Voted to retain overnight parking restrictions in a car park on Semaphore Foreshore for a further 12 months
- Endorsed a proposal to retain CCTVs as part of our broader strategy to address illegal dumping
- Endorsed a comprehensive review of the value, condition and maintenance schedules of the 1,272km of footpaths in PAE
- Decided to create a native food labyrinth in Roy Marten Park at Taperoo
- Voted on the 2022 Australia Day Award recipients

January

- Heard a deputation from South Australians for Climate Action
- Approved the vision and guiding principles for Semaphore Foreshore
- Endorsed the new Public Health and Community Wellbeing Framework 2021–2026
- Endorsed a grant application to the Federal Government for the construction of a Living Shoreline at Western Regional Reserve as part of the Aboriginal Cultural Centre
- Voted to write to the State Government's Department for Infrastructure and Transport regarding safety concerns at the intersection of Park Street and Main North Road at Sefton Plaza
- Voted to lease Queenstown Hall to Neighbourhood Node to develop the hall as a community space

Our Materials Recovery Facility (MRF) at Mill Court in Kilburn officially opened on Monday 31 January. The MRF can process up to 50,000 tonnes of kerbside recyclables from your yellow bins each year. On a typical day, the MRF will receive around 40 truckloads of recyclable material and will operate with 15 staff across two 8-hour shifts per day. The facility processes around 15 tonnes per hour sorting the contents of your yellow bin into clean commodities streams. These clean commodities are then sent to be turned back into recycled paper and cardboard packaging, new beverage containers, recycled plastic packaging and street furniture etc. The MRF uses the latest optical sorting technology to produce clean commodities that are ideal for use in developing local markets and

helping to drive the circular economy. The quality of materials arriving at the facility seriously affects how well the MRF operates. Unfortunately, a significant percentage of the material that currently comes into the MRF is not recyclable. Some of the common items that cause significant issues at the facility include old clothing and textiles as well as soft plastics. You can do your bit by ensuring that you use your yellow-lid bin correctly. To find out more about how, and what you can put in your yellow-lid recycling bin please check our website. As part of our wider waste education program, the MRF includes a modern and interactive education centre, which incorporates a full-length glass viewing wall and an accessible, elevated walkway. This will give school and community groups a unique close-up view of the

entire recycling process.

In creating the MRF, a joint initiative of the Cities of Charles Sturt and Port Adelaide Enfield, we are taking back control of our local recycling. The Central Adelaide Waste and Recycling Authority (CAWRA) designed and constructed the \$23 million facility, which received part funding of \$4.36 million from the State and Federal Governments. It is managed by CAWRA and operated by Visy, a global leader in packaging and resource recovery.

Materials sorted at the MRF

- Mixed paper
- Recyclable glass
- Recyclable plastics
- Cardboard
- Aluminium
- Steel

WASTE MATTERS

Our waste collection contractor, Cleanaway, are doing their best to continue providing services during the ongoing pandemic despite the impacts of isolation requirements. Your bins might be emptied earlier or later than usual as truck drivers work through their routes. Please put your

bins out on the kerb the night before or first thing in the morning, and leave them out until they have been emptied.

If your bin is missed or if there are any other problems with your bin collection, please call Cleanaway on

 **1800 777 844**

USE THE RIGHT BIN THIS EASTER

With Easter just around the corner, you might soon have an egg-cess amount of Easter egg wrappers, hot cross bun bags and packaging at home! Most packaging and wrapping can be recycled. Here are some

tips to help you understand what materials you can recycle and how to dispose of them correctly. By doing the right thing with our holiday rubbish, we can still have a great time and help the planet too.

Aluminium foil	Roll or scrunch the foil into a ball the size of your fist before popping it into your yellow-lidded recycling bin.
Lolly wrappers and 'fake' foil	If the foil does not scrunch, it is plastic — even if it is shiny or silver. Soft and dry plastics can be recycled through the REDCycle collection bins at participating supermarkets across the state.
Plastic egg trays and packaging	Recycle these items in your yellow-lidded bin.
Cardboard egg containers	Separate any plastic packaging and recycle both the plastic and the cardboard box in the yellow-lidded bin.
Hot cross bun bags	Soft and dry plastics can be recycled through the REDCycle collection bins at participating supermarkets across the state. Visit  redcycle.net.au/where-to-redcycle
Unwanted chocolate or stale hot cross buns	In the unlikely event you have any delicious Easter foods left over, remove the packaging and then put your food waste into your kitchen caddy or straight into your green organics bin. If you have run out of caddy liners, simply order more at  online.cityofpae.sa.gov.au/onlineform/bin-new-caddy

*Kerbside Bin Collection
in Autumn 2022*

There will be no kerbside bin collections or hard waste collections on Good Friday 15 April 2022. If your bin collection would normally happen on this day, Cleanaway will collect your bin on Saturday 16 April instead. Collections will occur as normal on Easter Monday 18 April 2022.

Collections will occur as normal on both Adelaide Cup Day (Monday 14 March) and ANZAC Day (Monday 25 April).

CONTACT YOUR COUNCILLORS

At the City of PAE we have a Mayor and 17 Councillors who are located around seven wards. They are your representatives, so if you have any concerns, ideas or issues you would like to discuss with them please contact an Elected Member in your Ward.

SO MUCH HAPPENING IN KILBURN AND BLAIR ATHOL

Just 20 minutes away from the CBD, this is one of the most diverse and exciting areas in the whole of SA.

A major upgrade of Kilburn and Blair Athol began in 2017 as a partnership between the State Government and the City of PAE. Our aim is to undertake infrastructure upgrades and other initiatives to enhance these suburbs.

We're working on revitalising this region for the more than 10,000 people who make up its multicultural and growing population. The comprehensive projects we will deliver will enhance the Kilburn and Blair Athol area with stormwater management to mitigate flooding risks, improved streetscaping, safe walking and cycling tracks, direct links to

public transport, park and sports upgrades, updated playgrounds and local business support. We are working to create a vibrant and attractive community, with safe and healthy places for residents to live, work and play.

Central to these projects is the streetscape upgrade of Prospect Road. We are making improvements to a number of side street intersections along the road and creating a more pedestrian-friendly environment. We will also soon install public artworks featuring pavers and LED Lighting columns to add points of interest along this thriving shopping strip. This will encourage more people to visit and linger on Prospect Road, which already buzzes with new shops and culinary experiences.

We were fortunate to receive both Federal and State Government funding for the project, which we are due to complete by the middle of this year.

COMMUNITY SPACES

There are plenty of places where members of the local community can meet and connect with each other in Kilburn and Blair Athol. Situated on Gladstone Avenue, Kilburn Community Centre offers an eclectic range of community activities and programs, including language classes and employment support services. The café onsite makes the Centre a great spot to catch up with friends.

Also located on Gladstone Avenue is Peter McKay Reserve, which has a playground and walking path for outdoor activities. A community hall on Le Hunte Street is also available for hire. Nearby on Lionel Avenue in Blair Athol is Futsal Park, an old netball court that was transformed in 2017 into a vibrant hub for social and competitive sport in the area.

DOVER ST OPEN SPACE

We are creating a new open space on Dover Street in Blair Athol, which will include a playground and nature play area, along with casual use soccer goals, a half-court basketball court and a barbeque. This site will also play an important part in managing stormwater and protecting current and future residents by resolving a localised flooding issue in the area.

SHEFFIELD CRESCENT

Work is underway on a new reserve and playground at Sheffield Crescent in Blair Athol, a joint venture between Housing SA and the City of PAE.

Students from Blair Athol Primary School were involved in the original playground design. Once complete, the new reserve will serve as a place of reflection for the whole community. It will feature a new playground and exercise equipment, barbeque and seating areas, paving, landscaping and a stormwater detention basin. A cultural heritage art piece will be developed in consultation with the Traditional Owners to reflect the cultural heritage importance of the area to the Kaurna people. We are contributing \$250,000 towards this joint project, which we anticipate will be completed during autumn.

BUSINESS SUPPORT

Our Economic Development Advisors have been working with businesses right along the stretch of Prospect Road that is in the City of PAE, to support them with development and growth opportunities. If you own a business on Prospect Road and want to improve your street frontage or offer events and activations to enhance the ambience of the area, you may be eligible to apply for funding. For assistance on this or any other business-related matter, please call our friendly and helpful business advisors on  **8405 6748**.

All enquiries are confidential.

AUSTRALIA DAY AWARDS

Recognising achievements in our community

This year the City of PAE Australia Day Awards again recognised some incredible people in our local community. These people really go above and beyond in so many ways. On behalf of everyone in the City of PAE, we congratulate all our nominees and thank them for their contribution to making PAE a place where people want to live, work and play.

CITIZEN OF THE YEAR

Julie-Ann Finney
Julie-Ann has brought about national awareness to suicide

and PTSD in veterans. In 2019, after serving in the Royal Australian Navy for 20 years, Julie-Ann's son, David, tragically took his own life. Despite her bereavement, Julie-Ann was determined to find answers. She knew that the incident rate among veterans like David was alarmingly high and so she began her fight to ensure that no other veteran's family should suffer the same anguish. After obtaining 400,000 signatures, she petitioned tirelessly for the establishment of a Royal Commission into Defence and Veteran Suicide, which finally commenced late last year. Throughout her journey Julie-Ann has taken on the role of advocate, lobbyist, fundraiser and counsellor, and her achievements are contributing towards the education of many. There is no doubt that Julie-Ann's efforts have saved lives and will continue to do so in the future.

YOUNG CITIZEN OF THE YEAR

Ma-Musu Nyande
Ma-Musu is a young leader and community advocate within the

African Community in South Australia who was nominated in recognition of her work with young women from refugee and migrant backgrounds. Ma-Masu has created safe spaces for young African females and inspired women of all backgrounds to use their voice.

JUNIOR CITIZENS OF THE YEAR

Kate Hall, Amber Trappell and Penny Trappell

Kate is a Junior Helper at Hillcrest Guides and supports young girls aged between 5–10 years. She organises and runs games and craft activities at most Guides meetings and participates in Carry on Guides, a not-for-profit variety theatre production.

Amber has followed up on the 'Smoke-Free

Playgrounds' initiative by being recognised as an 'Asthma Champion' with Asthma Australia. She and her sister Penny are actively involved in PAE Play Streets, promoting fitness and play in the local community. Penny has organised and taught crafts to children. She also ran free raffles and helped to collect charity donations.

COMMUNITY EVENT OF THE YEAR

Yarnbombing Pateela Street

This event sought to bring community members together to work on a project that promoted conversation over the simple act of shared crafting. Community members were invited to create colourful displays of knitted or crocheted yarn on trees. The event created a real sense of community connectedness.

EMERGING GROUP OR EVENT

Sailing at Lightsview
Sailing at Lightsview initially started as a

small group of hobbyists who came together informally. In the past 12 months, the group has become incorporated and membership has grown to over 50 people. As well as hosting a range of competitive and community events, the group has promoted community participation by funding loan boats for members of the community to come and try sailing.

COUNCIL ELECTIONS 2022

Check your entitlements and have your say

During 2022 there will be three elections in South Australia — one for each of the systems of government. A state election is set for Saturday 19 March, and the federal election must happen before the end of May. To vote in both the state and federal elections, you need to attend a polling booth on election day or apply for a postal vote.

Local government elections will occur in November, when the Mayoral position and all the 17 ward Councillor positions become vacant. Although voting in the local government elections is not compulsory, it is important if you are a resident to cast your vote because it is the best way to have your say about what happens in your local community.

All voting for local government elections is by mail. If you are eligible to vote you will receive your voting papers in the mail during October this year.

As well as residents, if you own a business or a property within the City of Port Adelaide Enfield, or are part of an organisation within the Council area you may also be eligible to vote in the 2022 Council Elections.

To check your entitlement to vote and to complete an enrolment form, contact us today. There are several different forms to choose from, so we can help ensure that you have the right one. The electoral roll closes on 28 July, but the forms are available now, so don't miss this opportunity to have your say in this year's local government elections.

For more information call us on

 **8405 6600** or visit our website and search

Council Elections

Authorised by Mark Withers, CEO

GROWING YOUR COMMUNITY

Community Project Grants program now open

Not-for-profit community groups from right around the City of PAE can apply for funding of up to \$7,500 through our Community Project Grants program. We are looking to support and fund projects that enhance community wellbeing by ensuring our community is strong, connected, resilient and inclusive at a local level. Careworks SA used their Community Project Grant to establish a community garden at their Connect at Enfield site on Warwick Street. With our support, they transformed a run-down outdoor space into a green and thriving community site. The funding also helped them to purchase and install a tool shed, shading, marquees and seating.

Now keen gardeners meet each week to tend to the garden beds, propagate seeds and share small plants around the community. Residents and the wider community are invited to attend workshops and classes, which cover gardening tips and techniques. Raised garden beds and interpretive signage make the space accessible and welcoming.

If your community group could do with extra resources to help you achieve community connections, then a Community Project Grant might be just what you need. The current round of grants will close at 3pm on Tuesday 29 March 2022. You can find more information at

www.cityofpae.sa.gov.au/community/grants/project-grants/projectgrants

CURTAIN CALL

Share your memories of the drive-in

In February 2022, the Mainline Drive-in at Gepps Cross showed its final screening before closing permanently. The drive-in was operational for 67 years.

The Mainline Drive-in opened on 7 October 1955. It was Adelaide's longest running drive-in. The first movie that played there was Roman Holiday, starring Audrey Hepburn and Gregory Peck. When it opened, the drive-in held two sessions a night. It could also accommodate walk-in customers.

The mounds allowing cars to be elevated to view the big screen were dug by Hughie Wallis, using an old bucket tractor back in 1955. With the closing of the Mainline, the Coober Pedy Drive-in will be the only drive-ins remaining in South Australia.

Our Local History team are looking for stories and photographs of the Mainline to add to the Local History Collection.

If you have anything to share, please contact the Local History team on

8405 6580

CONNECT, CREATE AND SHARE

New social programs in the north-east

The Baristro Café at Northgate Shopping Centre is the meeting point for several new social groups in the eastern area of our City. Each Monday and Friday morning from 8–9am, a walking group sets out from the café for a stroll around the area, returning for a cuppa at Baristro. Just bring your own water bottle and wear comfy clothing and footwear.

A friendly book club also meets at the café, giving all reading enthusiasts a chance to discover new authors and share their love of reading. Sessions are held from 1.30–3pm on the first Monday of each month. Contact Jan on  **0424 580 603** with any questions about either the walking group or book club.

Meanwhile, our artist in residence, Michelle Jahn, leads the Create and Connect group. Michelle is passionate about sharing her art skills and ideas with the community. Her sessions run from 10am to 12pm and they are free to attend. Dates for upcoming sessions are 15 March, 5 and 19 April, and 3 and 17 May.

The Baristro Café is located at Shop 1, Northgate Shopping Centre, 177–195 Fosters Road, Northgate.

To secure your spot, call Michelle on

0403 090 711

BUILD YOUR SKILLS

Opportunity awaits!

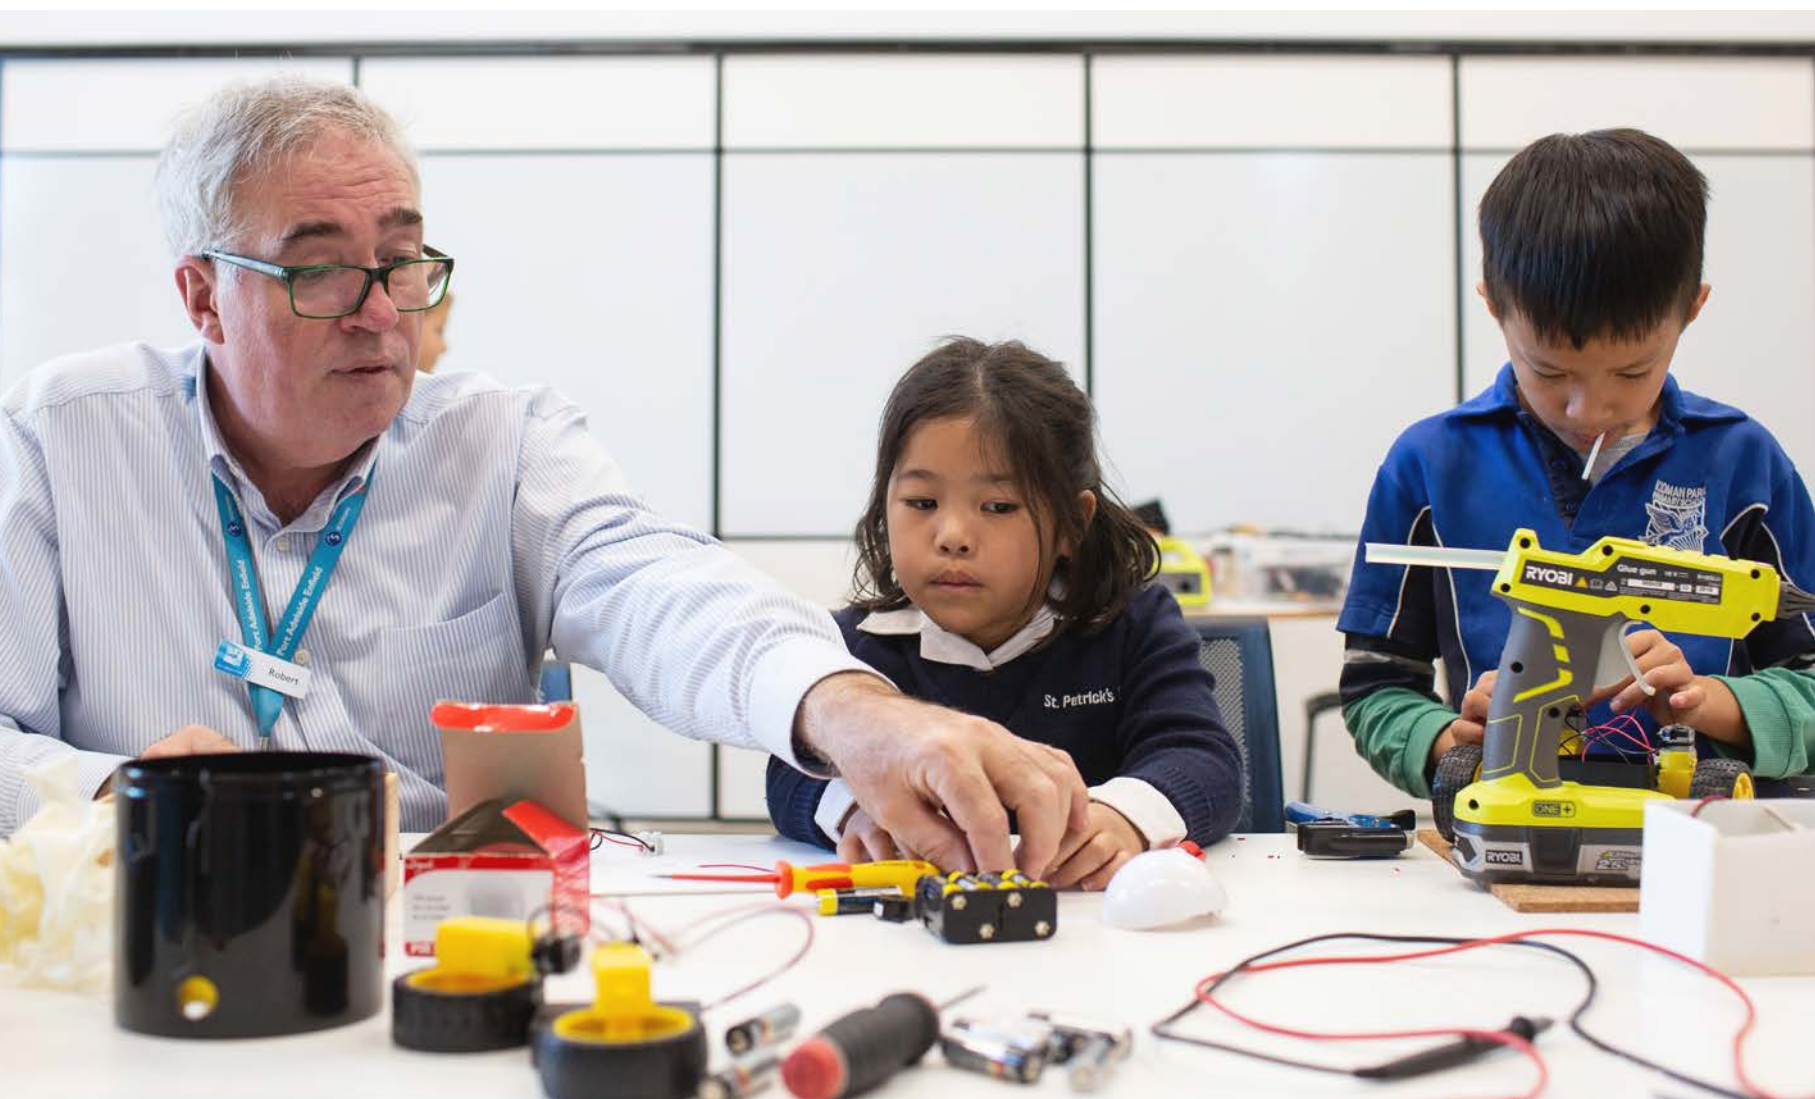

The Build Your Skills education program provides a friendly, welcoming environment based at libraries and community centres across the Cities of Salisbury, Port Adelaide Enfield and Playford.

The nine-week courses are designed to help people improve their English skills. They also support students with service referral to other programs and future work opportunities.

Anderson was one of the students who attended a course at Parks Library. He had previously completed an engineering degree in Columbia, but he was struggling to convey his experience and his changing goals on his new resume. Dreaming of getting his foot in the manufacturing industry in Australia, Anderson found that the course gave him the confidence he needed to create a resume which truly reflected what he wanted to achieve.

'Completing this course has given me the confidence to change my career path. I am looking forward to getting into the industry that I want to work in.'

There are more courses planned throughout the year both online and across various centres and branches. If you need some extra help to take the next step in your career, stay connected via our website for the latest opportunities for you or someone you know.

EASY ACCESS TO GREAT SPACES

Get to work at our Libraries

As part of the PAE Libraries' continued effort to support the community, we have extended our Library Spaces COVID-19 Recovery program. Until 30 June 2022, you can book a Library Community and Meeting Room for up to three hours a day, without charge, by using your Library card if you are a:

- Student
- Small businesses operator
- Job seeker
- Educator
- Entrepreneur

We'd love to see you at the library! Contact your local branch for more details.

SHARING STORIES

April school holidays in our Libraries

The theme for the April school holidays across the PAE Libraries will be Stories and Songs. Come along and celebrate the art of storytelling and the joy of music. There will be fun and creative learning opportunities with a special event at Semaphore where some special animal guests might pop in! The program is open for online bookings two weeks before the school

holidays, with physical copies of the program available in all branches. Keep up to date on social media or via our website for the official launch.

CLICK & COLLECT

Easy access to our entire collection

A Click & Collect library service is currently available from all five branches during normal opening hours. To arrange to pick up items, including books, movies and games, simply call your local branch and a friendly staff member will fill your order and guide you through the collection process. If you're not sure what you'd like to borrow, you can also ask a staff member to handpick a selection for you from what's available. Or simply fill in the 'May We Suggest' reader recommendation form on our website. See below for more information:

WHAT TO READ NEXT?

We'll send a suggestion just for you

Receive a personalised reading list based on your preferences by filling out the 'May We Suggest' form. One of our knowledgeable staff members will review your answers and suggest some titles just for you! You can then place the

items on hold via the catalogue and you will get a notification when they are ready for you to pick up at your nominated branch. You could even take advantage of the Click & Collect service to pick them up if you prefer to stay in your car. First things first — fill out the 'May We Suggest' form here

 www.cityofpae.sa.gov.au/forms/library-reader-recommendation-service

MAKE TIME FOR THE MAKERSPACE

Come along for creative fun

The Makerspace is located at the Parks Library and is full of fun and creative tools which are free for the community to use. There are sewing machines, overlockers, knitting and crocheting tools, badge making tools, power tools, soldering stations and more.

Not to mention the Flashforge 3D printers, Emblaser II laser cutter, Brother Scan and Cut DX1000 ... and the friendly staff. Check out the Makerspace Autumn Guide online and sign up for a session today. All makers who attend at least one workshop are then eligible to take part in the Makerspace Market later in the year, where they can try their hand at selling their creations.

GET SHADY

Increasing canopy coverage

The suburbs of Enfield, Kilburn, Wingfield, Gepps Cross and Woodville Gardens have been identified as having some of the lowest tree canopy coverage in PAE. In response, we have set an ambitious target to increase our tree canopy cover by 35% by 2050. To achieve this, we need to plant at least 3,000 new trees in our streets and reserves and 500 new trees on private land each year.

Canopy trees in your garden provide shade and much-needed cooling during our summer months. They can also help reduce your electricity bills and increase your property value. We are offering 150 residents in these suburbs a free tree to plant on their private property. To find out more, read the terms and conditions, and register your interest, visit our website and search

Get Shady

1001 BOOKS BEFORE SCHOOL

Register your reading on Beanstack

Join this fun reading challenge and help your child fall in love with reading.

1001 Books Before School is an initiative that aims to support the early literacy development of children aged 0–5 years old. Reading with your child for just 15 minutes a day can help improve their memory, concentration and learning skills. This will prepare your child for a great start in life and at school.

The Beanstack website and app are fun and easy to use, and registration only takes two minutes. To keep your child motivated and teach them about goal setting, the app allows them to earn badges and rewards as you log their reading journey.

To join the challenge, please register at

 cityofpae.beanstack.org/reader365

IT'S THE TIME FOR BEING DIGITAL

Libraries helping create confident tech users

SA's public libraries have announced the launch of the new Being Digital program, which is designed to help people gain confidence with technology. If you are keen to feel more

comfortable with your device and learn in a supportive environment, Being Digital could be just right for you. The program runs across all five Libraries and includes beginner sessions on Android and Apple devices, computer basics, internet basics and the digital library.

Being Digital

LET'S GET PHYSICAL

Free service to help you stay well

The last few years have been challenging, leaving many of us feeling disconnected, isolated, unmotivated and flat. As part of our community recovery program, the Lights Community and Sports Centre are working with Mind Australia to help people who want to make new friends, be more active or get out and about in the community. The 'One Small Step' service will help you move past barriers that might have been holding you back from doing these things. You will receive one-on-one support to attend workshops, join in with local classes and groups, and ultimately enjoy a greater sense of wellbeing. The program is free, so if you're ready to feel better, contact Mind Connect today on

1300 286 463

Barton Vale is a beautiful residence that Edmund Bowman built on land he purchased in 1840.

Originally called Enfield House, the building was completed in 1852. Sadly, Edmund drowned in the Wakefield River in 1866, but he bequeathed the property to his wife Elizabeth. In 1922 the contents went up for auction and the Salvation Army bought and refurbished the property, which they used as a home for girls. They also purchased more land.

In 1947 the Community Welfare and Public Relief Board bought Barton Vale and named it Vaughan House after Miss D Vaughan, a member of the Children's Welfare and Public Relief Board. Vaughan House opened on 17 October 1947. It was used as a girls' training school, and its residents, who were aged from 14–20 years, learnt dressmaking, handicrafts, sports and folk dancing. It became part of Gepps Cross Girls High School in the late 60s. It is now a private residence.

ON YOUR BIKE

Enjoy our Greenway today

Constructed jointly over 15 years by the State Government's Department for Infrastructure and Transport (DIT) and the Cities of Charles Sturt, Adelaide and PAE, the Outer Harbor Greenway provides a safe, direct and continuous link to and from the City to Port Adelaide and the Lefevre Peninsula.

 I have been using the Greenway to commute to the CBD from Albert park. **So easy and much more picturesque** than Port Road! I highly recommend using it instead of the main roads."

- Jessica Viven-Wilksch, Albert Park

The Greenway is a shared-use pathway, open to bike riders, skaters, pedestrians and people using other mobility devices. The route is quiet and picturesque, extending 13km between the Port and the Adelaide Parklands and CBD. By bike the journey takes approximately 35–40 minutes. The route is clearly sign-posted, following local streets and railway terraces and including some dedicated off-road pathways. There are dedicated, light-controlled crossings, new

bridges and underpasses at all major road crossings.

From Port Adelaide the Greenway also extends northwards for 7km to Outer Harbor, providing an excellent route between suburbs on Lefevre Peninsula to shops and services in the Port CBD. It links conveniently with the Semaphore Road bikeway network, making shopping, services and of course the beachfront and Coast Park pathway easily accessible.

Use of the Greenway has been increasing steadily. A bike counter indicated a monthly total for January 2021 of 10,326 bikes. That's about 333 bikes per day! Riding a bike is good for you and for our environment — plus, it's fun! Children as young as 10 who have some cycling experience can enjoy the path with a parent or guardian. If you would like to know more about cycling in PAE, contact the friendly PortBUG cycling group on Facebook.

As part of our first Integrated Transport Strategy (ITS) we conducted community consultation, and you told us that active transport, specifically walking and cycling, are very important. As a result, we have developed a new Walking and Cycling Plan. This will help us to create a safer and more accessible network so that we can choose walking and cycling as our main modes of transport. We are currently reviewing the feedback you gave us on the new Walking and Cycling Plan, which we will finalise later this year.

LIVING LANDSCAPES WRITERS' FESTIVAL

Ideas + writing on nature

The inaugural Living Landscapes Writers' Festival brings together nationally and internationally renowned writers and thinkers on nature.

Join us on Saturday 9 and Sunday 10 April at Hart's Mill for a weekend of free writers' talks, poetry readings, performances and family activities. You can also learn more about the craft of nature writing in one of our expert-led workshops.

The festival program will focus on how the written and spoken word can provide us with a vital platform for interrogating our relationship with nature in these uncertain and changing times. Panel discussions and talks will explore and imagine the purpose of nature in creativity and the ways in which art can help us forge meaningful connections with our environment.

With historic Port Adelaide as its backdrop, the festival will celebrate our rich and diverse region — a tapestry of coastlines, dunes, rivers, wetlands, mangroves, parks and reserves. Drop in and listen to your favourite writer. Or stay for the day and allow yourself to uncover new ideas and inspiration on writing and conservation, and see the natural world anew.

JERVOIS BRIDGE CONTROL TOWER

Finally in a new home

The Jervois Bridge control tower now has a permanent home on display near the water by Hart's Mill, following heavy restoration and protective works at our Kilburn Depot. This important piece of Port Adelaide's history was awarded a Historic Engineering Marker in 1994 due to its technological, historic and social significance. Previously situated over the entrance to the former car park on Nile Street next to the bridge, it was

removed in 2016 to allow construction of the new State Government building. The original Jervois Bridge opened in 1878 and was the only link between the Port and the Lefevre Peninsula. A person sat in the wooden tower on top of the steel gantry that crossed the road to control the swing mechanism on the original bridge. At that time, Port Adelaide was a bustling maritime gateway for the state of South Australia. The Government employed a person who lived nearby so that they could quickly get to the bridge at any time of the day or night to let ships pass.

SUNNYBRAE FARM

The workers at Sunnybrae Farm built Australia's first water-borne waste treatment plant. The sewage farm was part of the Sunnybrae Farm Complex, with the sewage farm's manager living onsite in the historic Sunnybrae Homestead. The disused straining shed with its iconic arches is still present on Pedder Crescent. It is visible from Regency Road.

The study of wastewater was a significant tool in the detection of COVID-19. Amazingly, an Australian study was able to use archival wastewater samples to detect the virus before the first clinical case in Australia was even reported. This demonstrates the powerful impact that our past can have on our future and the importance of retaining our history in all its forms.

Face mask disposal

Please dispose of your face mask thoughtfully. When you drop your face mask on the ground, it ends up in stormwater systems and pollutes our natural environment.

Face masks are also a danger to wildlife, which can get tangled in the ear loops of the mask. Every week our staff remove hundreds of face masks from our streets and stormwater systems.

Please put your mask in a bin once you have finished with it and remember to break the ear loops first, to protect wildlife in case the mask gets blown out of the bin.

FRUIT FLY ERADICATION

Restrictions lifted across PAE

Fruit fly is being successfully eradicated from metropolitan Adelaide. In response, the Department of Primary Industries and Regions (PIRSA) have lifted fruit fly restrictions in some areas, while some 'red outbreak areas' within the City of PAE have now changed to 'yellow'. If you live in one of these areas, you can now move fruit and vegetables anywhere within the 'yellow area'. Currently, the yellow area extends from Paralowie to Montacute to Darlington, and along the coast from Outer Harbor to South Brighton.

Please don't move your produce to other areas of South Australia, as they are still green zones. To see how this affects you and to stay up to date with the outbreak status, check the fruit fly map at

 www.fruitfly.sa.gov.au

YOUTH-LED PROGRAMS PROMOTING LEADERSHIP

Creating community connections!

On Saturday 22 January we held the Mario Kart eSports Tournament at the Parks Library. Participants battled it out to climb the leader board and claim the top spot. Hing and Luca ended up taking out first and second place, with Hing showing real potential to take his passion further. Hing comes from North Haven and he loves gaming. His parents saw this event as an opportunity for him to test his skills, and Hing loved the challenge. He is now eager to participate in future Library events. This event is the latest in a line of community-driven eSports events led by the youth living in and around the Parks. There is a Nintendo Switch available for the community to use in each Library and we can bring them all together for multi-participant gaming events like this. Stay tuned for the next one!

SIGN OF THE TIMES

Where to find a JP

Our Justices of the Peace (JPs) can act as independent and objective witnesses to documents used for official or legal purposes. If you need a JP, you can find one at:

- **The Civic Centre** 163 St Vincent St, Port Adelaide, Wednesdays 9am – 12pm
- **Our Libraries** See the schedule at www.cityofpae.sa.gov.au/community/services/jp-services
- **Mark Butler's office** 21 Commercial Rd, Port Adelaide
- There is a link to a detailed list of available JPs on the SA Government homepage at www.sa.gov.au

Because JPs are volunteers and because COVID-19 restrictions are constantly changing, it is always worth calling ahead to check that a JP is available on the scheduled day.

FRINGE

COMES TO PAE!

18 FEB - 20 MAR

WHAT'S ON IN PAE

MAR/APR/MAY 2022

Adelaide Fringe Until Sun 20 Mar

There are still a few opportunities left to enjoy family shows, cabaret, comedy, dance, theatre and visual arts as part of this epic Adelaide event. During the Fringe there were more than 60 shows and exhibitions on offer around PAE in unique and wonderful venues, including the Parks Theatres, the Flour Shed, Vital Statistix, the Maritime Museum, Gallery Yampu, Folklore Café, the Port Adelaide Naval Association, Jackalope Studio Gallery and Gallery J on Lincoln in Manningham. Search 'Fringe' on our website for all the details of the remaining opportunities.

50 Year Anniversary Dinner of the Port Adelaide Historical Society Wed 16 Mar | 7.30pm

Join the Port Adelaide Historical Society in celebrating 50 years of preserving, protecting, and sharing the heritage of our amazing Port. Presentation by Brian Samuels with dinner, live music and prizes included.

[historiespa.eventbrite.com.au](https://www.historiespa.eventbrite.com.au)

Adelaide Chrysler Festival

Sun 27 Mar | 10am – 3pm

An all-day celebration of classic Chryslers, including 60 years of Aussie Valiants. Head along to the Gaza Sports and Community Centre at the Klemzig Oval to see these historic cars on display, along with swap sites and trade stands plus food and drinks. 232 North East Road, Klemzig.

Living Landscapes Writers' Festival Sat 9 and Sun 10 Apr

Free writers' talks, poetry readings, performances and family activities, or learn more about the craft of nature writing in one of our expert-led workshops. Drop in to Hart's Mill and listen to your favourite writer, or stay for the day to uncover new ideas and inspiration on writing and conservation, and to see the natural world anew.

Vaisakhi Mela

Sun 10 Apr

A colourful, cultural celebration of the Punjabi Harvest Festival for the whole community, at Blair Athol Reserve, 73 Leslie Ave, Blair Athol.

Easter Carnival

Fri 15 – Mon 18 Apr

Come to the carnival on Semaphore Foreshore! Enjoy the old-fashioned fun of the rides and amusements, and stay to enjoy snacks on the grass or take a stroll along the beachfront.

ANZAC Day

Mon 25 Apr

For the latest information about services and events planned for ANZAC Day this year keep an eye on www.rslsa.org.au

May Day March

Sun 1 May

Meet from 12.30pm at the Lighthouse, and join the 1pm May Day March for peace, higher living standards and democracy. With guest speakers, food trucks, children's entertainment and bands, everyone is welcome at the May Day March. Nile Street, Port Adelaide.

SA History Festival

Sun 1 – Tues 31 May

South Australia's History Festival is an annual statewide event exploring South Australia's history. Held throughout May each year, the History Festival explores the state's places and spaces, as well as the stories, collections and ideas that make us who we are.

Across PAE there will be plenty of options ranging from talks to tours, walks to workshops and exhibitions to special events.
