

Going to the Port Adelaide Christmas Parade

Social Story

I am going to watch the Christmas Parade

I might have to wait for the parade to start

I will watch the parade from the side of the road

I will stay behind the blue line to be safe

There will be cars and lots of people going past

There will be loud music and other noises

I can wear headphones

Santa will come past at the end of the parade

I can wave at Santa

I can go to the party after the parade

There will be big rides with flashing lights

I can see Santa after the parade

I can sit next to Santa for a photo

When I am done, I can say goodbye to Santa

This Social Story may be helpful in supporting people with autism or special educational needs to feel safe and included at the City of PAE Christmas Parade. Sharing the story before the event may help reduce anxiety or worry about what will happen at the parade and party.
