

Hanson Reserve Master Plan Draft

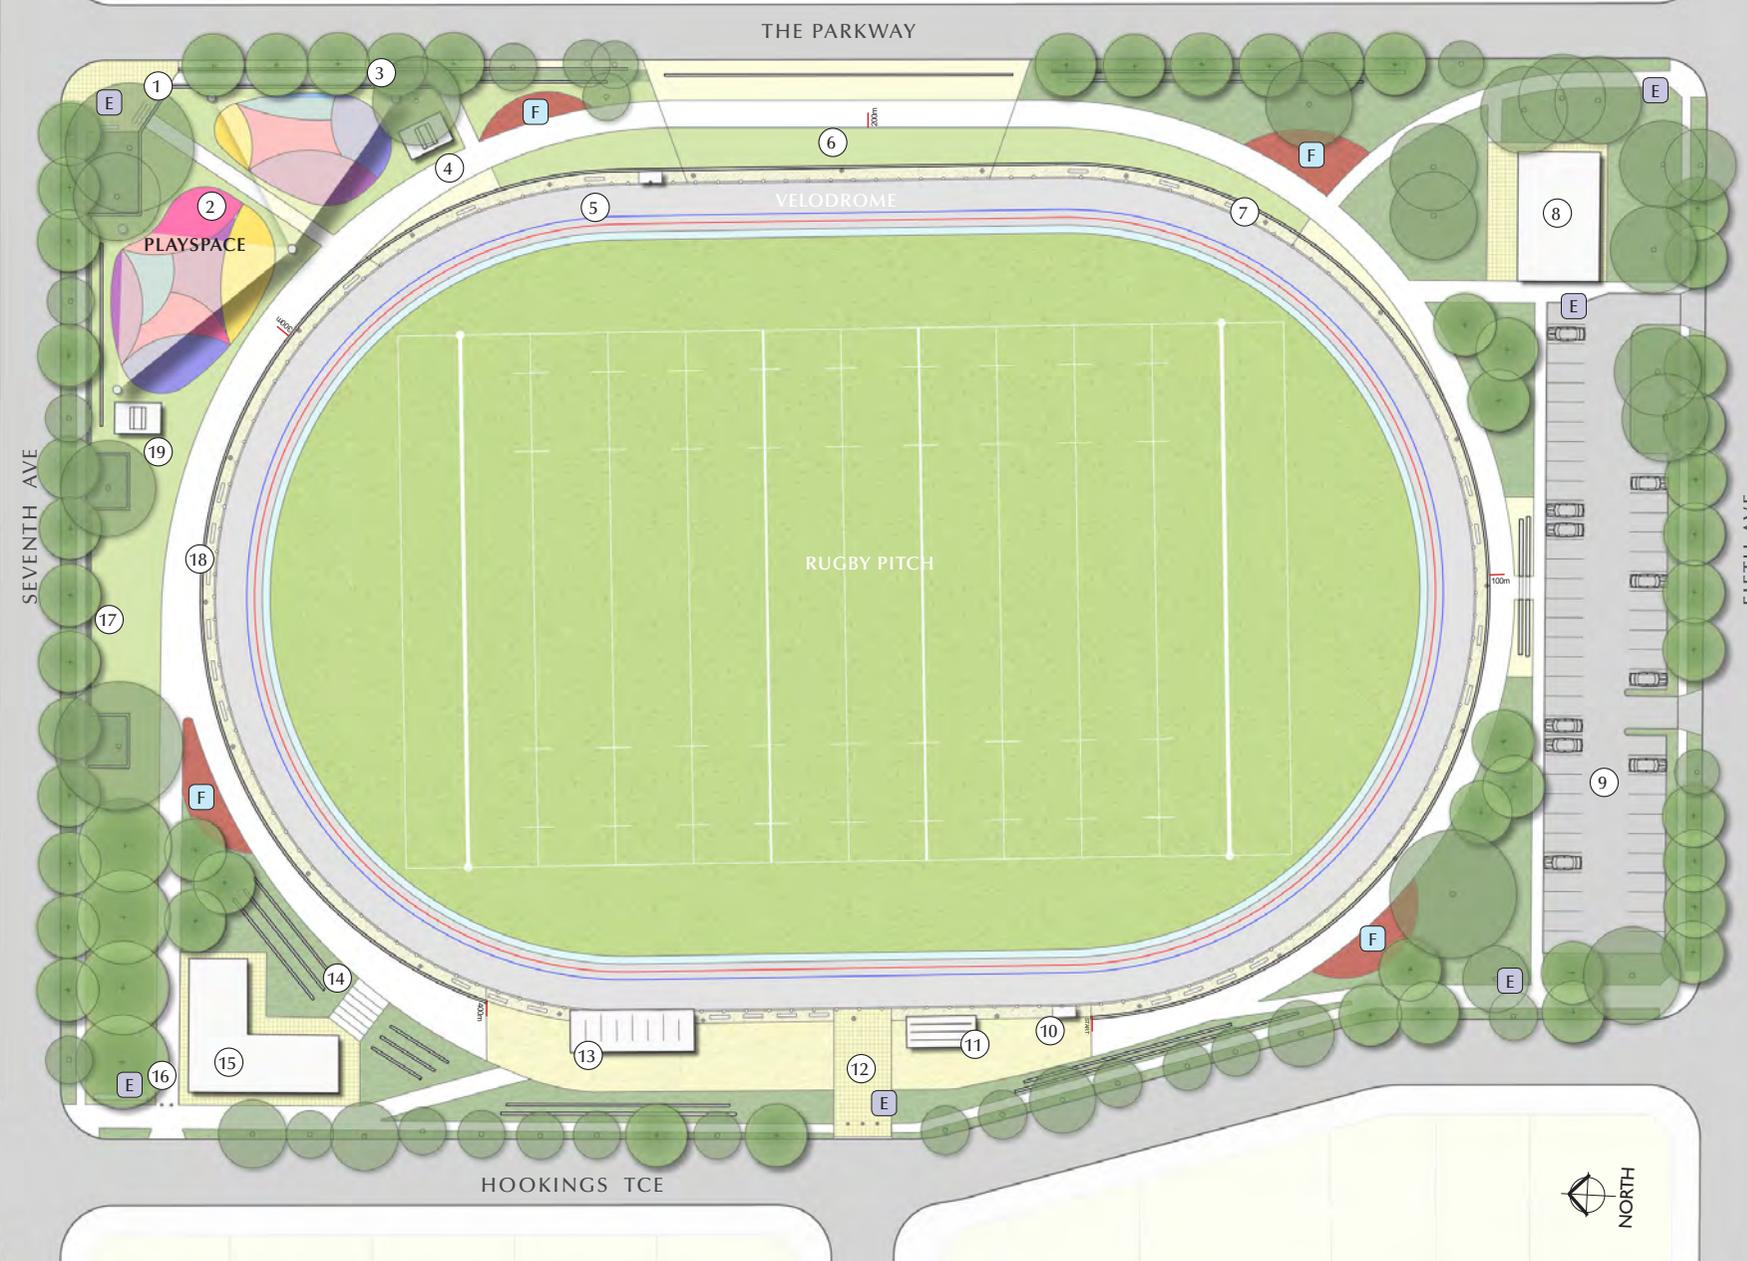

KEY PROPOSALS

1. New entry and stairs.
2. New playspace.
3. Improve community access to the reserve. Remove existing boundary fence. Repair existing retaining walls and terrace where appropriate. Provide DDA compliant access.
4. Shared fitness loop path (approx. 400m) with a series of fitness stations.
5. Upgrade velodrome surface. Provide a new, safety fence and access gates around the track. Gates to be closed during cycle/rugby training/events and open for public use of the field at other times.
6. Flatten and terrace the eastern area to improve access. Provide irrigated lawn area for picnicking and spectating.
7. Upgrade lighting to velodrome and pitch.
8. Improve paving in front of the existing building. In the longer-term remove the building and consolidate with a shared facility.
9. Upgrade and extend the existing car park. Restrict vehicle access to other areas.
10. Provide a new track cycling 'starters box'. Allow suitable site on the other side of the track for locating a second removable 'starter box' for cycling events.
11. Provide a shaded mini-grandstand seating'.
12. Re-align the main entry. Pave entry/event plaza and provide space suitable for food trucks/minor structures/seating. Provide new 'gateway'/signage.
13. Remove existing structures and replace with new shelter.
14. Upgrade stairs and terraces. Shorten player race to improve access around the velodrome.
15. Retain existing change rooms / toilets. In the longer-term provide new change rooms in a consolidated shared facility.
16. Formalise the existing entry for pedestrian/cycle access. Install removable bollards for maintenance vehicle access.
17. Flatten and terrace the northern frontage to allow better access.
18. Provide new seating around the track.
19. New shelter/bbq/picnic areas.

Signage to be provided to inform reserve users of sport training and event times.

Tree management and some removals where required. Provide new trees and native low/groundcover planting.

Provide reserve furniture (e.g. seating, bins, bike rails, etc).
