Historic Port Adelaide is the maritime heart of South Australia. Established in 1840, the Port was South Australia’s first State Heritage Area, and exploring its old buildings, museums and antique stores is a great way to while away an afternoon.

Start your Port Adelaide experience with a visit to the award-winning Visitor Information Centre. Here you can book a guided Port Walk, providing a fascinating insight into the history of this once bustling port.

Museum lovers are well catered for in Port Adelaide. Don’t miss the South Australian Maritime Museum in Lipson Street, with its regularly changing exhibitions about the state’s seafaring history. Other local museums include the National Railway Museum, South Australian Aviation Museum, National Military Vehicle Museum and Australian Museum of Childhood.

Sunday is market day at the Port. Check out the Fisherman’s Wharf Markets for an assortment of books, bric-a-brac, arts and crafts. It’s located next to the areas central icon - the Port Lighthouse, which you can climb for stunning views of the Port River and heritage precinct. The nearby Torrens Island fresh produce market is also great to visit on a Sunday morning. You can buy fresh fish direct from the fishing boats and you may see a dolphin or two checking out the action!

Many boats and sailing vessels are based at Port Adelaide - including the tall ships, the Fale & the One & All. In addition, there are regular riverboat cruises and fishing charters available - contact the Port Adelaide Visitor Information Centre for cruise details.

The Port River is also home to a colony of wild bottlenose dolphins. You can learn more about these fascinating creatures by collecting your Port River Dolphin Trail brochure at the Centre and driving to several or all six different viewing spots throughout the Port Adelaide area.
